$20,000,000 TO AID IN BUYING COTTON

South's Great Staple Is Absorbing All the Currency.

SO SAYS SECRETARYY SHAW

Secretary Says New England and Southern Manufacturers Have Exhausted Capacity of Banks in Buying Cotton—Relief Needed.

Washington, Dec., 12.—Secretary Shaw had an interview Monday with the bankers' committee, now in session in the city, and later in the day made the following announcement:

"I have received in the last ten days an unsually large number of letters from business men representing all sections of the country complaining of the extraordinary high rates of interest. I have conferred during the same period, by letter or personally with a large number of bankers scattered through the south and middle west, as well as in the east. I have conferred with the committee of the Bankers' Association, now in session in the city. These gentlemen represent Chicago, St. Louis, New Orleans, Atlanta, Pittsburg, Indianapolis, Des Moines, and other cities.

"From the best information I can get I think the following describes the situation fairly well:

"Our blessings are the real cause of the actual stringency in money recognized everywhere. An unsually large crop and unexampled industrial activity have created an unprecedented demand for money.

"The world is everywhere prosperous and money is in great demand throughout Europe as well as in the United States. We never had such a volume of credits—and are based on an unequaled volume of assets. The manufacturers of cotton are buying that staple by the train load. The cotton planters, unlike the western farmer, demand actual cash, and he carries it home in his pocket. The western farmer is paid in checks, which he deposits in the bank to his credit and therefore does not absorb actual money, as does the cotton planter. This money should be returned to banks when the planter settles with his merchant soon after the first of January, but between now and then the cotton consuming country, as well as the cotton producing country, is short of money.

"New England has sent millions to the south and the manufacturers of cotton throughout the south have exhausted the capacity of local banks and are trying to borrow elsewhere. There is no occasion for alarm, but I believe there is occasion for relief. This I have decided to grant in the following manner.

"I will deposit $10,000,000 in existing depositories in the cities designated below, to be secured by bonds acceptable for savings bank investments under the laws of New York and Massachusetts, taken at 90 per cent of their value; these deposits to be returned, one-half on the 20th of January and the remainder on the 1st of February.

"I will also buy $10,000,000 of the bonds of 1907 at the following prices:

"Registered bonds ex-interest at 101 and coupon bonds at 102.

"In the event that the bonds purchased are now held as securities for government deposits, security of the character above indicated will be accepted in lieu thereof. Not more than $1,000,000 worth, however, will be purchased from any single institution under these conditions.

"New York and New Orleans will get $1,500,000 each; Boston, Philadelphia, Baltimore, Chicago and St. Louis, $1,000,000 each; Cincinnati, Louisville, Atlanta and Memphis, $500,000 each.

Livingston Works For Cotton.

Washington, Dec. 12.—Representative Livingston, of Georgia, secured the floor of the house Monday when the appropriation of $20,000 to secure cotton experts for continued work abroad. This amount was formerly raised by the committee on appropriations for work in spreading the trade in cotton fabrics in foreign countries. It was part of an appropriation for promoting foreign trade in American manufactured goods. The whole item was stricken from the list of appropriations by a subcommittee on appropriations recently.

Colonel Livingston made a vigorous appeal for the item and urged that it be amended to provide for work abroad in behalf not alone of cotton fabrics, but also of cotton seed products having the cotton plant as their basis will then be covered. Colonel Livingston gave notice of his intention to urge that this apropriation be put in the general bill. He stressed the important place held by cotton in foreign commerce and the fact that it had last year turned the balance of trade in favor of the United States.

He favored the action of the committee in setting its face against the new spelling reform in printing public documents. He also urged that the pay of congressmen's clerks and senators' clerks be equalized and all receive $1,500 a year, this amount to be paid them direct by the sergeant-at-arms.

Storers Created Roosevelt.

Chicago, Dec. 12.—A dispatch to the Record-Herald from Cincinnati says: "My husband created President Roosevelt" said Mrs. Bellamy Storer Monday night to a reporter of the Commercial Tribune. "President Roosevelt owes much today to Mr. Storer and myself," she continued. "It was through my influence that Mr. Roosevelt was made assistant secretary of the navy and it came about in this way: "Mr. Storer and I went to Canton to pay the president and Mrs. McKinley a visit. I told the president I was not there to ask for anything for myself, but that it would be a great personal favor if he would make Mr. Roosevelt assistant secretary of the navy. He at first opposed it by saying that Mr. Roosevelt was too much of a fighter, but eventually granted my request."

Britons To Visit Schools.

Columbus, Ga., Dec. 12.—Columbus' new secondard industrial school, which opened Monday morning, is to be inspected by a delegation from the Mosely commission of England. This commission, composed of five hundred leading educators of England, was sent to America for the purpose of studying the miproved methods in the schools of this country. A letter received from the commission asks for the Columbus public school report and brings the information that a party from the commission is coming on a tour of inspection. Massachusetts school authorities have also written to Columbus for information regarding the new school.

Drunken Man Shoots Host.

Tampa, Fla., Dec. 12.—J. B. Daniels was shot and killed in his home, Sanibel, Lee county, by Jno. Chansey, both white. Daniels had invited Chansey to dinner and about the time dinner was ready Chansey left the house and started for the road. Daniels followed him, urging him to remain to the meal, and Chansey, who was drinking, turned and shot his host with a shotgun, killing him instantly. Daniels' wife witnessed the killing, and when she threw herself on the body of her husband weeping, Chansey leveled the gun at her and forced her to go into the house. Chansey was arrested.

Fine Students for Smoking.

Chicago, Dec. 12.—A dispatch to the Record-Herald from Kenton, O., says that President Albert Edwin Smith, of the Ohio Northern University at Ada, has decided to require any student that he discovers to be a smoker to pay $1 per term more tuition than those who do not use the weed. In chapel yesterday Dr. Smith said: "All pipe suckers and cigarette smokers, in fact, all smokers of tobacco in any form, will be charged $1 more per term than others in the future. This extra tuition is to be a license for the habit."

Child Labor Commission.

Atlanta, Dec. 12.—The Rev. C. B. Wilmer, left Tuesday for Cincinnati to attend the annual convention of the national child labor commission. The delegates from Georgia are Clark Howell, Hoke Smith and Rev. C. B. Wilmer.

RELIGIOUS WAR IS FACING FRANCE

Some French Catholics Enthusiastic for War.

STATE AND CHURCH DIVIDED

Struggle Which Began in 1880 Ended Tuesday with the Legal Rupture of the Bond Which, for a Thousand Years, United Church and State.

Paris, Dec. 12.—Tuesday was an historic day for France. The struggle which began in 1880, with the banishment of the Jesuits, ended today with the legal rupture of the bond which for practically a thousand uninterrupted years had united church and state. By refusing to make the required requisitions under the law of 1881, Catholic public worship by the Schismatic organizations Wednesday becomes illegal. The scenes in some of the churches were extremely touching. Not in years had there been such an attendance at mass. The number of women was especially large and was noteworthy as indicating the religious indifference of the male populace. Although seven-eights of the inhabitants of this city are nominally Catholics, in no parts of the city were the churches crowded. Even at Nortre Dame, where a solemn high mass was celebrated, the edifice was only half filled. The officiating clergy read the regular offices for the week, as usual, without referring to their illegal status tomorrow. Nevertheless the depression of the Catholics was manifest. Many women emerged from the Cathedral with their eyes streaming with tears and lingered on the pavement to discuss what to do when the clergy are turned out of their churches.

But on the eve of the struggle, it became more apparent that both the government officials and higher ecclesiasticals are resisting the advice of the intemperate. The minister of public worship, Briand, announces that the government "cannot be driven into the trap of closing the churches," and Cardinal Richard, archbishop of Paris, has strongly censured the placarding of appeals to the clericals to make violent resistence to the officers of the law. "No violence," he says, "but passive resistance to the unjust law, after exhausting all protests at every step."

This is the disposition so far as the higher ecclesiastics are concerned, but their followers evidently have no intention to submit and are preparing to assume the roll of martyrs, abandon the churches and organize private worship.

Cardinal Richard and many of the bishops already have begun the removal of their private effects from the episcopal mansions, and the clergy is preparing to leave their rectories and move into into hired lodging. It is announced that the parish priests have received many offers of places in which to hold religious services, but there is not the slightest indication that they intended to take advantage of the sole remaining chance to retain their churches, namely, by making the declarations called for by the law. The government continues to present a calm front, although the ministers realize that additional legislative power will be necessary if serious trouble occurs.

Receivers have been apointed everywhere to assume charge of the sequestered property and three policemen will be stationed at the doors of each of the churches to report violations of the law; but as such violations can only be tried in the police courts and as the penalties, only 15 francs fine and 15 days' imprisonment, with the right to appeal, sterner measures may be necessary, and the government will probably acept the bill introduced in the chamber of deputies by M. Menier, republican, providing that all buildings, presbyteries and so on occupied by ecclesiastics, shall definitely escheat to the state, the departments and the communes on the enactment of the law providing for the separation of church and state and at once make arrangements that the sequestered property shall not be used, like the hospitals, for specials purposes or public charities; to suppress the pensions of the clergy who do not conform with the laws of 1905 and 1881, and to summon all the priests of military age to the colors, to serve their time in the army with other Frenchmen liable to military duty.

Monsignor Montagnini, secretary of the papal unuciature here, was arrested Tuesday afternoon on an order expelling him from France and was conducted to the frontier Tuesday night. The residence of Monsignor Montagnini was searched by the police.

Brown's Condition Improves.

Washington, Dec. 12—The remarkable vitality and fortitude shown by former Senator Brown, of Utah, who was shot by Mrs. Anna M. Bradley last Saturday, led the physicians at the Emergency hospital Tuesday to believe that his chances for recovery are good, should no complications set in. His condition continues to improve. Favorable reports from the bedside of the wounded man have had the effect of raising the spirits of Mrs. Bradley. She was more cheerful on Tuesday.

Chinese Exclusion Act.

Washington, D. C., Dec. 12.—Preparations are being made in the house for another attempt to get the Foster bill, modifying the Chinese exclusion act, out of the house committee on foreign affairs. Last year the opposition was successful in preventing a favorable report on the measure, and this year California especially is lined up against any changes in the bill excluding Chinese laborers from the country.

For Murder of Daughter.

Dayton, O., Dec. 12.—Affidavit charging Mrs. Gilman, mother of Dona Gillman, with the murder of her daughter has been filed in Squire Converse's court. Another affidavit charging Fayne Gillman and Collins Gillman with aiding and abetting a murder is ready to be filed as soon as sworn to. The affidavits were signed by District Heintman, of Cincinnati, who has been worikng on the case.

Workmen Fall Through Ice.

St. Petersburg, Dec. 12.—The ice on the Neva broke while several hundred of working people, employed at the Thornton factory in the Nevsky quarters, were returning to their homes across the river. Many of them were precipitated in the water, and wild rumors of great loss of life were circulated, but, according to the manager of the works, there were no fatalities.

Rural Police for Clarke County.

Athens, Ga., Dec. 12.—It has been decided to have a bill introduced into the next general assembly giving Clarke county the power to provide for a rural police service. This proposition is to have the county pay the bailiffs an additional compensation to their regular fees, and make them the rural policemen in their respective militia districts.

Wild Boar Attacks King Carlos.

Lisbon, Dec. 12.—In the course of a wild boar hunt yesterday a very large and powerful boar charged King Carlos. His majesty was thrown but was not hurt. His horse, however, was killed by the animal. The boar then charged other members of the hunting party and inflicted wounds upon the Marquis de Cerra, Count Molina and several others.

Trial of Rebels Begins.

Moscow, Dec. 12.—The trial of 68 revolutionary legionaries, who were captured in the Presna suburb, the last stronghold of the insurgents in the December revolt began here on Tuesday. The accused men were subordinates in the organization. The leaders either escaped or were captured and summarily shot.

Room Filled With Explosives.

St. Petersburg, Dec. 12.—The police have searched the lodgings of a student named Karpanikoff, son of a leading merchant, and found a stock of rifles, revolvers and bombs, a quantity of a new explosive of extraordinary force and plans for barricading the city in the event of an armed uprising.

MEETING COUNCIL WAS A WARM ONE

The Moral Reform Ordinance Received Lengthy Discussion.

THE MAYOR AND THE FENCE

That Distinguished Official, it is Alleged, Fenced in a Portion of West Court Street, and Will Not Permit Obstruction Removed.

There seems to be a wave of moral reform sweeping over Gainesville—or at least an attempt at moral reform. The greater part of the adjourned meeting of the City Council Tuesday evening was devoted to the discussion of the ordinance known as the "reform ordinance," which was presented to that body for consideration sometime ago, but which has so far been tabled without action, further than a discussion of its merits.

This ordinance is a very stringent document, and seeks to close tight all places of business which would dare sell a cigar or a piece of chewing tobacco, or a banana or anything else on the Sabbath day. While it is probably a good ordinance in its way, there is apparent considerable opposition to it, and it looks as though it would meet opposition in the council when it comes to a vote.

The ordinance does not only wage war an places of business which keep open on the Sabbath, but touches upon other matters which the document terms immoral. It provides for the removal beyond the city limits of houses of a questionable nature, prohibits minors from engaging in games of billiards, pool, etc., and even prevents them from entering resorts where games are played.

A thorough discussion of this ordinance was entered into on Wednesday night, but the document met the same fate that it has suffered on two former occasions—it was passed on without action.

Among other business transacted by the council was an order requesting the mayor to have removed from West Court street a certain fence which had enclosed a portion of said street, thus obstructing this thoroughfare. It was ascertained the following day, when the mayor was approached in the matter, that the property enclosed and the fence was done by action of the mayor, who alleges that he owns the land and fence in question, and who refused to permit the marshal or any of the city officials to remove the obstruction. This seems a rather peculiar situation, since Mayor Thomas is the only official who has manifested the authority to order the obstruction removed, and since he positively refuses to give the instructions, it would look like the matter at present is at a stand-still, and the council is "up a tree," so to speak.

Alderman Hodges, of the Street committee, introduced a resolution requesting that the city attorney prepare an ordinance changing the name of Liberty street and Alachua avenue to University avenue.

The Street committee reported the dilapidated condition of Pearl street from the Seaboard depot to the Atlantic Coast Line tracks, and recommended that this thoroughfare be paved. Matter was referred to the Board of Public Works.

A petition was received, signed by a number of citizens, asking for additional lights on South University and Pearl streets, which was referred to the Light committee.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NO. 120.

An Ordinance Providing for the Issuance of Bonds Under the Provisions of an Act of the Legislature of the State of Florida, Entitled: "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercise of Those Powers."

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—The Mayor and the City Council of the City of Gainesville, in their corporate capacity, under the authority of an Act of the Legislature of the State of Florida, entitled: "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved on the 9th day of May, A. D. 1905, hereby provide by ordinance for the issuance of bonds of said city, as hereinafter provided, to be known as "Municipal Bonds of the City of Gainesville," to the amount of TEN THOUSAND ($10,000) DOLLARS. The principal and interest of said bonds shall be payable in gold coin of the United States of the present standard of weight and fineness, and for the payment thereof, principal and interest, the entire taxable property of said city and the public utilities acquired and owned by said city shall stand pledged by this ordinance. Each of said bonds shall be of the following denominations, viz: Five hundred dollars. Said bonds shall be dated the 1st day of February, A. D. 1907, and each of said bonds shall bear interest at the rate of five per cent per annum, payable semi-annually, at the end of periods of six months from the date of the bond. The principal of said bonds shall become due on the following date, viz: On or before February 1st, 1907. Said bonds and the interest thereon shall be payable at the office of the City Treasurer of the City of Gainesville. The proceeds arising from the sale of said bonds, at not less than par value, and the purpose for which the issue of bonds proposed to be issued by this ordinance shall be used, is the following, viz: the money arising from the sale of said bonds, or so much thereof as may be necessary, shall be used to purchase and acquire the following described lot or parcel of land situated in said City of Gainesville, and more particularly described as follows, towit: All of Block 5, Range 8, according to the original survey of said city; provided, however, that none of said bonds shall be issued until after the issuance thereof, under the provisions of this ordinance, shall have been approved by a majority of the votes cast by the qualified electors of said city, at a special election which shall be held for that purpose on the 15th day of January, 1907, in accordance with this ordinance.

Sec. 2—The Mayor and City Council shall levy and collect annually such special tax on the taxable property within the corporate limits of said city as may be necessary to pay the interest on said bonds, and to provide a sinking fund for the payment of said bonds.

Sec. 3—Said bonds shall be printed or engraved with interest coupon attached, payable as by this ordinance provided. Said bonds shall be signed by the Mayor, counter-signed by the President of the City Council, and attested by the City Clerk, and shall bear the corporate seal of said city, and the interest coupons shall bear an engraved or printed fac-simile of the signature of the City Treasurer. When said bonds shall have been so signed and sealed they shall be turned over to the Board of Public Works, who shall be trustee for said bonds, and shall be by said Board offered for sale to the highest and best bidder for cash, on sealed bids, but said Board shall have and reserve the right to reject any and all bids, and shall not sell any of said bonds for less than par value. The proceeds for the sale of said bonds, as soon as received by said Board, shall be turned over to and deposited with the City Treasurer of said city. Said money shall be paid out by said Treasurer on the order of the City Council of said city, for the purpose for which said bonds are authorized by this ordinance to be issued.

Sec. 4—Said bonds shall be payable to bearer and shall be delivered by said Board of Public Works only after being contersigned by the Chairman and Secretary of said Board, whereupon said bonds shall become payable to the lawful bearer thereof. It shall be the duty of the Board of Public Works, as bond trustees, when any bond is sold or issued by them, to register the same in a book to be kept for that purpose and said Board shall keep an accurate account of all bonds and coupons outstanding and of all such as may be paid.

Sec. 5—It shall be the duty of the Board of Public Works on or before the first day of July, of each and every year, to report to the City Council the number of said bonds outstanding, with an estimate of the amount necessary to be raised for interest and sinking fund, which statement and estimate shall serve as a basis of assessment by the City Council for the ensuing year for that purpose.

Sec. 6—The Mayor of the City of Gainesville is hereby directed to issue his proclamation calling a special election to be held in said city on the 15th day of January, 1907, to determine whether the issuance of bonds proposed by this ordinance to be issued shall be approved by a majority of the votes cast by the qualified electors of said city at said special election, and said proclamation and this ordinance shall be published in a newspaper printed in said city at least once each week for four consecutive weeks, the beginning of such publication being made immediately upon the adoption and approval of this ordinance. At said special election the question of the issuance of bonds to the amount of ten thousand dollars, and for the purpose proposed in and by this ordinance, shall be submitted to the qualified electors of said city for their approval, that each qualified electors hall have an opportunity to vote for or against the question of the issuance of said bonds for the purpose proposed, and each elector shall cast a paper ballot. Each elector desiring to vote for or against the approval of the the issue of bonds for ten thousand dollars for the purpose mentioned in this ordinance may vote a paper ballot containing the words: "For municipal bonds ten thousand dollars," or "Against municipal bonds ten thousand dollars," and each of said ballots shall be counted as a ballot approving or disapproving, as the case may be, the issuance of the bonds for the purpose mentioned in this ordinance. The said special election shall be called, held, conducted and the returns thereof canvassed, in all other respects, as nearly as may be practicable in compliance with the rules, regulations and ordinances governing and controlling the general city elections of said city.

Sec. 7—The City Council shall prepare and furnish all necessary blanks and ballots, and shall make all necessary preparation for said special election, and shall pay for the same out of the proper fund in the City Treasury. The ballots to be used in said election shall be substantially in the following form:

"Official ballot—Special bond election, City of Gainesville, January 15, A. D. 1907.

"Make a cross (X) mark before the word 'For' or the word 'Against,' accordingly as you approve or disapprove of the issuance of bonds as proposed.

"Vote for one:

"For Municipal Bonds Ten Thousand Dollars

"Against Municipal Bonds Ten Thousand Dollars."

Sec. 8—If the issuance of the bonds as herein proposed and submitted to be approved by the qualified electors be approved by a majority of the votes so cast, then the bonds so proposed to be issued shall be authorized, and shall be sold and delivered as by ordinance provided.

Sec. 9—That this ordinance shall take effect immediately upon its passage and approval, and all ordinances or parts of ordinances in conflict with the provisions of this ordinance be and the same are hereby repealed.

Passed in open session of the City Council on this 6th day of December, 1906.

G. K. BROOKS,
President City Council.

Attest: J. M. DELL, City Clerk.

The above ordinance is approved by me this 7th day of December, 1906.

W. R. THOMAS, Mayor.

Attest: J. M. DELL, City Clerk

Commerce Will be Diverted.

...The commerce of the future will ...ply in the East, and the Pacific ... will be the area of its inter... movement rather than the Atlantic, upon the bosom of which has floated the bulk of the world's commerce for the last four hundred years. The most profitable commerce, as well as the most important international obligations of our own country in the near future will be with these great Eastern nations. The cutting of the Panama canal will accelerate this great movement which is already begun, and for this reason there is no enterprise as vital to our country, especially to the South, as the Isthmian canal. It is to be regretted that our people generally fail to realize this fact, and that other issues of less moment take precedent of the canal in their thought. In my judgment, no material enterprise is of such far-reaching importance to the South as the Panama canal—and it ought to be of especial interest to the people of Florida, because it will be the means of furnishing a direct trade and speedy communication with Eastern ports, both in the matter of exports and imports.

Trade Must Increase.

"The trade of these nations with the progress of spirituality among them must increase. It has been said that the greatest want of one of these nations is a want; but with the coming of Christianity this vision is widened, and their wants are multiplied and their productive powers are increased. While missionary work is not a commercial enterprise, nor is it undertaken from selfish motives, it nevertheless promotes international trade and commercial prosperity. If the populous Chinese nation were lifted to the level of a Christian civilization today, it would use three times as much American cotton as it now uses, and the price of the staple would be proportionately enhanced. In the matter of the evangelization of the East, our duty and our interests coincide."

WATER SUPPLY CUT OFF.

Patrons of Waterworks Suffered Great Inconvenience Wednesday.

Owing to the fact that the water supply was cut off for about six hours Wednesday, patrons of the waterworks were greatly inconvenienced. In many instances, no notice being given in advance, patrons were deprived of water for the noon meal's cooking and many were compelled to "get along the best they could."

The complaint was general, as patrons of the system declare it was no more than right and just to give them advanced notice if the supply was to be cut off, so that they could prepare accordingly.

The water has been cut off several days within the past few weeks without notice, but for only a short while at a time, which resulted in no serious inconvenience.

HOLT TRIAL NOW ON.

Man Charged With Murder at Newberry Was Arraigned Wednesday.

John Holt, the young white man charged with the murder of Alber McKay, was brought to this city Wednesday and arraigned before Judge Mason for a preliminary hearnig. Several witnesses were examined, when upon request of the prosecution, who stated that they could producet a dying statement of McKay, the court was adjourned until 9 o'clock this morning.

DO NOT BE A BURDEN.

J. W. McCollum & Co. Give Some Good Advice to Readers of The Sun.

A weak stomach and its resulting ills are not natural. With proper care and the use of Mi-o-na stomach tablets, the very worst case of indigestion or stomach trouble can be completely cured.

It is a sin to deprive oneself of enjoyment in life and become a burden to others through indigestion.

The backaches, headaches, distress after eating, loss of appetite, gulping up of undigested food and gases are not natural. Mi-o-na stomach tablets used for a few days before meals will so strengthen the digestive organs that you can eat anything you want without fear of distress or resulting sickness.

The directions for taking Mi-o-na emphasize the difference between this remedy and the ordinary medicine that is given for indigestion. Mi o-na is to be used before meals, strengthening the digestive system for the food which is to be eaten, while the ordinary remedy is taken after meals, and simply digests the food without strengthening the stomach.

J. W. McCollum & Co. have so much faith in the merit of Mi-o-na that they sell it under a guarantee to refund the money, in case it does not cure. A 50 cent box of Mi-o-na will do more real good than a dozen packages of the ordinary remedies sold for indigestion. Then, too, it costs nothing unless it cures.

Distort.

She once remarked to me, "I cannot portray vice, but I can understand and realize crime." All the more powerful passions were within her range—hatred, jealousy, remorse, revenge—but her lovemaking, except in farce, was as a rule a failure. Her mind, like her life, was so singularly crystalline that she could not understand mere vice. "I would rather be a great murderess," said she, "than a morbid, sickly fantastica, such as are, for the most part, the heroines of your modern drama."—Saturday Review.

JUDGE BLECKLEY ILL.

Recovery of Former Chief Justice Is Very Doubtful.

Clarkesville, Ga., Dec. 12.—Judge Logan E. Bleckley, the nestor of the Georgia bar, is desperately ill at his residence in this place, although the physicians at his bedside report that he is slightly stronger.

Justice Bleckley is now 80 years of age, and has been for the past several months in very feeble health. It is thought that his present illness is of the nature of a general breaking down of the system from old age. For this reason the doctors in charge of the case state that the recovery of the former chief justice is very doubtful.

On last Sunday he became suddenly very weak and gradually grew worse. His family were hurriedly called for and at present are at the bedside of the great jurist in his fight for life. He has been unconscious for the greater part of the past two days.

Judge Bleckley's legal career has been the most wonderful in the history of this state. Entering the practice of law at the remarkable age of 18, he became chief justice after a successful career as an attorney. It was during his occupancy of this exalted position that he became noted throughout the country for his legal foresight.

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croupe and will prevent the attack if given at the first appearance of the disease. It is especially adapted to chidren, as it is pleasant to take and contains nothing injurious. Mrs. E. A. Humphreys, a well known resident and clerk in the store of Mr. E. Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croupe and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by all druggists.

Plan Mammoth Fair at 'Frisco.

San Francisco, Dec. 12.—Fifteen citizens have formed a corporation to be known as the Pacific Ocean Exposition company, which plans to give a mammoth fair in 1913 to commemorate the 400th anniversary of the discovery of the Pacific ocean by Balboa and the completion of the Panama canal. The joining of the two ideas by the promoters seemed especially appropriate since it was after crossing the isthmus that the navigator first looked on the Pacific.

Rockefeller Gives $100,000.

FACTS IN NATURE.

Not Only Do We Get Inspiration From Nature, But Health as Well.

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health-giving agents are to be found in forest plants and roots.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medicinal principles from native roots, taken from our American forests, he could produce a medicine which was marvelously efficient in curing cases of blood disorder and liver and stomach trouble as well as many other chronic, or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food which feeds the blood. Thereby it cures weak stomach, indigestion, torpid liver, or biliousness, and kindred derangements.

If you have coated tongue, with bitter or bad taste in the morning, frequent headaches, feel weak, easily tired, stitches or pain in side, back gives out easily and aches, belching of gas, constipation, or irregular bowels, feel flashes of heat alternating with chilly sensations or kindred symptoms, they point to derangement of your stomach, liver and kidneys, which the "Golden Medical Discovery" will correct more speedily and permanently than any other known agent. Contains no alcohol or habit-forming drugs. All its ingredients printed in plain English on wrapper.

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery."

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative; two or three are cathartic.

U. S. Government to Use Balloon.

New York, Dec. 12.—A new balloon has just been ordered by the United States government for use by the war department for experimental purposes in military work. The balloon will be of the regulation type, but an unusually large one, capable of holding ninety thousand cubic feet of gas, the largest of its kind ever made in America. It will be constructed in this city. The order came from Captain Chandler, of the war department. The balloon will be finished within ninety days and shipped at once to Washington.

A Miraculous Cure.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1 at all drug stores.

Prepared to Massacre Christians.

New York, Dec. 12.—A Times dispatch from Tangier says Raisuli has informed the Moorish officials that after conferring with the mountain tribes he was prepared to march on Tangier at the head of 15,000 armed Moors and drive into the sea and massacre every Christian in that place.

Water Cure For Constipation.

Woman Hangs Herself.

New York, Dec. 12.—Martha T. Friedman, a guest of the Martha Washington hotel, committed suicide in her apartments by hanging.

Cure For Sore Nipples.

As soon as the child is done nursing apply Chamberlain's Salve. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this with the best results. Price 25 cents per box. For sale by all druggists.

SWALLOWED LIVE CHAMELEON.

Which Crawled From Woman's Mouth When She Died.

Chicago, Dec. 12.—A dispatch from Omaha, Neb., says that as the result of swallowing a live chameleon as an advertisement, Louise Douglas, formerly a well known comic opera singer, died here Monday. An hour before her death two live chameleons crawled from the woman's mouth and physicians say her body is alive with the little reptiles. Two years ago Louise Douglas, whose real name was Mrs. Harry F. Lee, swallowed a chameleon and received much advertising therefrom, but soon afterward she began failing in health and left the stage. She has been in a hospital in Omaha for more than a year. The nurse at the hospital in which the woman died, is authority for the story that two of the reptiles crawled from the dying woman's mouth.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Merchants to Use Wagons.

Villa Rica, Ga., Dec. 12.—Monday morning a train of wagons loaded with cotton will leave here for the cotton mills near Atlanta, Ga. The merchants have been pleading with the Southern railway officials for cars to move this cotton for almost two weeks, without avail. The three large warehouses are packed full of bales of cotton besides, and there are about one thousand bales on the different streets, unprotected from fire and thieves—thousands of dollars tied up, all for the want of cars to move it.

No Opium in Chamberlain's Cough Remedy.

There is not the least danger in giving Chamberlain's Cough Remedy to small children as it contains no opium or other harmful drug. It has an established reputation of more than thirty years as the most successful medicine in use for colds, croupe and whooping cough. It always cures and is pleasant to take. Children like it. Sold by all druggists.

PADDLE YOUR OWN CANOE.

Advice is good, if it is good and well followed, and here is a bit clipped from an exchange that occurs to us as being wholesome and applicable to life's success: "Fight your own battles. Hoe your own row. Ask no favors of anyone and you'll succeed a thousand times better than one who is always beseeching someone's influence and patronage. No one will ever help you as you help yourself, for no one is as heartily interested in your affairs.

"The first step will be a long one perhaps; but carving your own way up the mountain you will make each step lead to another, and stand firm while you chop another out. Men who have made fortunes are not those who have had $5 000 given them to start with, but boys who have started fair with a well earned dollar or two. Men who have acquired fame have never been thrust into popularity by puffs begged or paid for, or given in friendly spirit. They have outstretched their own hands and touched the public heart. Men who win love their own wooing, and I never knew a man to fall as signally as one who induced his affectionate grandmother to speak a word for him. Whether you work for fame, for love, for money, or for anything else, work with your own hands and heart and brain. Say 'I will,' and some day you will conquer. Never let any man have it to say, 'I have dragged you up' Too many friends sometimes hurt a man more than none at all."

AN IMPROVEMENT ASSOCIATION

While all the towns around us are forming associations of their business men for the purpose of improving the towns, what is the reason that Gainesville cannot have one? It will cost nothing to meet once or twice in four weeks and talk over the situation. While it might not do much to boom the town, yet we should get better acquainted with one another's wants and wishes. A community of spirit creates an enthusiasm which is very apt to display itself in some direction. The old saying that everything comes to him who waits, may have been true in the old time, but under the spirit of the present age if a person wants a thing he must go after it. We believe there is go-ahead spirit enough in Gainesville to carry an improvement association through to good results if it were only started; and we also believe that after it was fairly started the good effects of it would be felt immediately—perhaps not as some cities have done in getting great branches of industry to settle here, but in plans of beautifying and improving what we have, and in being ready to embrace opportunities, if any should come. An association of this kind, it seems to us, would be pleasant and profitable, even if not much in the way of "boom" came from it.

'Tis estimated that there are about 50,000 different secret proprietary compounds, medicines, "foods," liquor "cures," complexion dopes, and so forth, upon the American market. How many will there be when the new law compels the manufacturers to put on the label the amount of alcohol or dangerous drugs contained in each preparation? The American people will surely get their eyes open to the great evils that have been hiding behind some innocent-looking remedies!

Notice that Mrs. Hetty Green has just loaned $7,000,000 on gilt edge real estate. This is a most encouraging sign, indicating that Mrs Green has arranged to have postponed that upheaval she was so anxious about only a few weeks ago.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

That imposing congress of eminent ecclesiastics and savants at Philadelphia, met to discuss a uniform divorce law for the United States to be enacted by Congress, after four days of "painful" deliberation, finally agreed substantially upon the following to be embodied in the law to cover the causes for divorce from bed and board: Adultery, bigamy at the suit of injured party to first marriage, conviction and sentence of two years for crime, extreme cruelty on the part of husband or wife to such an extent as to endanger life of either or render cohabitation unsafe, wilful desertion for two years, habitual drunkenness for a like period, and hopeless insanity of the husband.

Our public teachers are working hard and successfully but they never know whether their work is appreciated or not unless they have some intimation to the effect from the patrons of the schools. Parents should make it a point to visit at least the rooms in which they have children. Kindly visits from parents have an inspiring influence both for teacher and pupils and if the visit be accompanied by an occasional word of encouragement so much the better.

The prosperity of Gainesville is not guarded by the wealth of its citizens, but by the uniformity with which they pull together when an important undertaking is to be accomplished. A man with a few hundred dollars at his command can do far more for Gainesville than a millionaire who locks up his capital and snaps his fingers at home progress.

MAKING PORCELAIN.

Most Exciting and Romantic Trade In the World.

The maker of porcelain and pottery is decidedly the most exciting and romantic trade in the world.

The great factories of Sevres and Dresden were founded by Bernard Palissy. This man invented white enamel, but it took him sixteen years to make the invention—sixteen years of anger, misery and persecution, which culminated in the episode, used in H. Jones' play of "The Middleman," when Palissy maintained his furnace fire by burning all the furniture in his house and finally opened the furnace door to find within the glaze which he had sought throughout the best years of his life.

Bottcher invented hard porcelain. He was an alchemist, and one day, hoping to discover that his powdered clay was unusually heavy, he inquired the cause and found that the weight was due to the kaolin with which the clay was powdered. This kaolin was a substance for lack of which Bottcher's investigations had for years failed.

When Elers opened a porcelain factory at Burslem he employed none but the most stupid and illiterate workmen, so that his secret processes might not become known. But Samuel Astbury resolved to learn the Elers method, and, affecting ignorance and stupidity, he got a place in the factory, mastered all the Elers' secrets and eventually opened a plant of his own, wherein he duplicated in every detail the work of Elers.—Exchange.

MANY, MANY DOCTORS.

Sixteenth Century Wager That Might Be Won Today.

The story is told in Joubert's "Popular Errors Concerning Medicine," published at Bordeaux, France, in 1579, that one Gonelle, a jester at the court of the Duke of Ferrara, insisted once upon a time that the trade which had the most followers was that of doctor. To prove his assertion he left his home one morning to go to the palace with his nightcap on and his jaws wrapped up. The first person he met stopped him with the question, "What is the matter with you, Gonelle?" "A terrible toothache." "Oh, is that all? I'll tell you what will cure it." And every person he met had some advice to give him.

When the jester reached the duke's chamber, the same question and answer were repeated. "Ah," said the prince, "I know of something that will take the pain right away." Gonelle instantly threw up his kerchief, saying: "And you, too, monseigneur, are a doctor? I have only passed through one street in coming from my house to you and have counted more than 200 of them. I believe I could find 10,000 in the city." Whether the story is true or false, it could be told again in our days, and Gonelle would win his wager without dispute.

The Stars Were Once Human Eyes.

The most remarkable belief or superstition concerning the human eye is one that is current in Australia. Among the natives of that country it is the general belief that the left eye of every chief becomes a star the moment the chief in question is done with it. The sun, they say, is the eye of the "greater god" and the moon the eye of the "lesser god." All the stars were once the left optics of human beings of high rank. Shungie, a celebrated chief, once ate the eye of a valiant chief, thinking thereby to increase the brilliancy of his own "eye star." But the eye burned through Shungie's belly and killed him, whereupon his own left eye became joined to the one he had eaten, and the two may now be seen as a beautiful double star lying just to the east of the Southern Cross.

What's

Worth doing is worth doing well. If you wish to be cured of rheumatism use Ballard's Snow Liniment and you will be "well cured." A positive cure for sprains, neuralgia, bruises, contracted muscles and all the ills that flesh is heir to. A. G. M. Williams, Navasota, Texas, writes: "I have used Snow Liniment for sprained ankle and it gave the best of satisfaction. I always keep it in the house." Sold by W. M. Johnson.

A Bad Mix.

The advertising manager was in a towering rage. "What's the trouble?" they asked. "Why, they went and placed our prima donna's testimonial for a cold cure on the same page with the announcement that she had a sore throat and couldn't sing."—Milwaukee Sentinel.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

THE FIRST BALLOON.

Result of the Experiments of the Montgolfier Brothers.

Proceeding on the principle that heated air expands and so becomes lighter, bulk for bulk, than air at the ordinary temperature, the brothers Stephen and Joseph Montgolfier filled a paper bag with heated air, which rose to the ceiling of the room. This preliminary success was rapidly followed up, and they gradually increased the size of the balloons experimented with until they were so satisfied with their progress that in 1783 they gave a public exhibition, sending up a linen balloon 105 feet in circumference, which was inflated over a fire supplied with small bundles of chopped straw. The balloon succeeded beyond their utmost expectation, and after rising to a height of over 6,000 feet it descended ten minutes after in a field a mile and a half away. The next balloon carried a car, in which were a sheep, a cock and a duck.

The success of this further experiment induced M. Pilatre de Rozier and the Marquis d'Arlandes to risk their lives by making the first ascent in the new and wonderful machine. Their balloon, which was forty-five feet in diameter and seventy-five feet high and was inflated with hot air, passed over Paris to the great astonishment of the people, attaining an altitude of half a mile. Ballast was then for the first time employed in regulating the ascending power of the balloon. The first venture was followed by others, and De Rozier, the first to ascend, was also the first to meet his death in this manner, having been killed, with a companion, by the burning of his balloon near Boulogne.

BACKBONE.

The Self Reliant Man Is the One Who Is In Demand.

Haven't you depended upon clothes, upon appearances, upon introductions, upon recommendations about long enough? Haven't you leaned about long enough on other things? Isn't it about time for you to call a halt, to tear off all masks, to discard everything you have been leaning on outside of yourself, and depend upon your own worth?

Haven't you been in doubt about yourself long enough? Haven't you had enough unfortunate experiences depending upon superficial, artificial, outside things to drive you home to the real power in yourself? Aren't you tired of leaning and borrowing and depending upon this thing and that thing which have failed you?

The man who learns to seek power within himself, who learns to rely upon himself, is never disappointed, but he always will be disappointed when he depends upon any outside help. There is one person in the world that will never fail you if you depend upon him and are honest with him, and that is yourself. It is the self reliant man that is in demand everywhere.—O. S. Marden in Success Magazine.

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucus and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 73 worms. For sale by W. M. Johnson.

He Knew Them.

"What's up, Tommy?" said a good natured London coster, who was passing, to a small boy who was sobbing bitterly.

"Oh, me farden! Hi've lorst me brite farden!" wailed the little lad, continuing his search.

"'Ere, mates," said the man to some others standing near, "let's help the pore kid find 'is farden." And the company set to work.

In a few moments one of them picked up the missing coin.

"'Ere y'are, Tommy," he said; "'ere's yer farden."

Then, looking at it in the light of a street lamp, "W'y, it ain't a farden at all; it's a 'arf quid."

"Garn!" said the boy as he snatched away the coin. "D'ye think Hi was goin' to let yew blokes know hit was a 'arf thick 'un? W'y, wun of yer would 'a' 'ad 'is foot on it afore Hi'd 'ad time ter turn rahnd."

And he vanished round the corner like a streak of lightning.—London Answers.

Early to Bed

And early to rise, makes one healthy, happy and wise—especially if you take Herbine before retiring. A positive cure for constipation, dyspepsia and all liver complaints. Mrs. S—, Columbia, Tenn., writes: "I always keep a supply of your Herbine on hand. Am so well pleased with the relief it gives in constipation and all liver complaints that words can't express my appreciation." Sold by W. M. Johnson.

SAYS TURNAGE IS RIGHT MAN.

Warrant Charging Criminal Assault Has Been Sworn Out.

Atlanta, Dec. 12.—In the presence of five detectives, two doctors, Deputy Sheriff Shropshire and Sergeant N. A. Langford, of the detective department, Monday, at the Tabernacle infirmary, Robert E. Turnage, of 128 Jones avenue, was identified by Mrs. Carrie Comstock, of 36 Humphries street.

In order to be absolutely sure that they had the right man, Sergeant N. A. Langford and Deputy Sheriff Shropshire, in company with five detectives, took Robert E. Turnage to the Tabernacle infirmary Monday for identification.

When the party entered the room, Mrs. Comstock, having already been informed of their purpose, pointed out Turnage and said:

"You come here."

The man obeyed, walking to the side of the bed where the wounded woman was lying.

"Let me see your fingers?" she asked.

The hands were lifted for her inspection.

"This is the man," she said, and turned away from him.

Afterwards Turnage was taken to the county jail, where he will be held until trial. A warrant was sworn out in Justice Landrum's court Sunday charging the man with criminal assault.

Mrs. Comstock refuses to say anything in regard to whether Turnage assaulted her.

Cigar Makers Go on Strike.

Tampa, Dec. 12.—More than 5,000 cigar makers went on strike Monday morning because of poor street car service, while the bridge across the river is being rebuilt. All employes in factories on the west side of the river walked out, proceeded to the city hall and made a demonstration. A committee visited the mayor and officials of the Tampa Electric company, declaring that they would not return to work until given free ferriage across the river and a better street car service. The mayor ordered a ferry established and the car service will be improved at once. After the demonstration at the city hall the crowd went to the court house plaza, where many speeches were made.

A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure cough and cold cure. Guaranteed by all druggists. 50c and $1. Trial bottle free.

Body Mangled by Train.

Toccoa, Ga., Dec. 12.—Monday morning the horribly mangled body of J. D. Goodroe was found on the side of the track about 200 yards from the Southern railway depot in this city. It is supposed that he was on the track and was struck by freight train No. 81, which passed Toccoa about 1 o'clock. Goodroe held a responsible position with the Toccoa Cotton mills, and was a brother of James W. Goodroe, superintendent of that mill. Mr. Goodroe's body was identified by papers in his pocket. His body and clothing were mangled beyond recognition. He was about 25 years of age, and leaves a family. He was originally from Newton county, Ga.

King of All Cough Medicines

Mr. E. G. Case, a mail carrier of Canton Center, Conn., who has been in the U. S. service for about sixteen years, says: "We have tried many cough medicines for croup, but Chamberlain's Cough Remedy is king of all and one to be relied upon every time. We also find it the best remedy for coughs and colds, giving certain results and leaving no bad after effects." For sale by all druggists.

Last of Monitor Crew Dead.

New London, Conn., Dec. 12.—Eugene Leahy, believed to be the last of the crew of the Monitor at the time of her memorable battle with the Merrimac, died here last night at the age of 61.

The Irascible Bismarcks.

Herbert Bismarck had none of his father's bright wit in conversation, but had his overbearing temper and his mother's violent irascibility. She had the disposition of the Frankish woman as exemplified in Fredegonda, but held in check by modern conditions. Bismarck in anger was as terrible as a ferocious mastiff. She, far from restraining him, kept on saying: "Good dog; tss-s-ss. Go at him (or at her); good dog, tss-s-ss," or tantamount words. The mastiff that lay below the surface in Bismarck grew more and more infuriated, especially if the evening before he had eaten and drunk copiously. With these parents, Herbert, Jane and Bill Bismarck could not be expected to have courteous manners. Herbert, who was no stranger in Paris and whom the fond father hoped one day to send there as ambassador, was bulky, sullen and of a complexion that revealed an angry state of the blood. Gambetta said of him, "He reminds me of a limb of the law hardened to the work of laying on executions—in short, of a low class bailiff (recors)."—London Truth.

The Machine Worker.

The American boy is thoroughly imbued with the get-rich-quick spirit, whether in a greater or lesser degree. The learning of a trade is too slow, too tedious and offers too little immediate inducement. Why should he work as an apprentice at 4 to 8 cents an hour after reaching the age of seventeen or eighteen when he can earn 10 to 15 cents at piecework running a machine? Once he has entered the door of the piecework shop the boy is doomed to the pieceworker's life. Once the machine gets its grip upon him he never escapes. The rare exception only proves the rule. Not only does the monotony of the reduplicative work upon which he enters choke his ambition and devitalize his life, but usually he enters upon this narrow life work with very little equipment and a view bounded by a horizon equally narrow. There is little to develop, even when there is some ambition to begin with.—O. M. Becker in Engineering Magazine.

Seven in the Bible.

The number seven plays a prominent part in events in the Bible. The creation took six days, and on the seventh there was rest. On the seventh day of the seventh month a holy observance was ordained, and the Israelites feasted seven days and rested seven days. Noah had seven days' warning of the flood, and the seven years of plenty were foretold in Pharaoh's dream by seven fat beasts, as were the seven years by seven lean beasts. We speak of the seven heavens, and the seventh son was supposed to be endowed with pre-eminent wisdom. In short, there is no other number which enters into the Bible so often as seven. No doubt the wide popularity of the number and the superstitions which are connected with it came from its wide use in the Bible.

That's It!

Cough yourself into a fit of spasms and then wonder why you don't get well. If you will only try a bottle of Ballard's Horehound Syrup your cough will be a thing of the past. It is a positive cure for coughs, influenza, bronchitis and all pulmonary diseases. One bottle will convince you—at your druggist's, 25c, 50c and $1.00. Sold by W. M. Johnson.

The Influence of the Farm.

The farm is the best security we have for our social well being, and whatever promotes interest there, whatever raises it in intelligence and scientific spirit, is one of the most comforting influences of our civilization. And so to have our young men imbued with the true agricultural spirit, to turn away from the adventures of the commercial life and the allurements of mere money making to the simple, productive, independent life on the farm, is one of the richest promises in our educational system. For there is where it belongs—to the expanding mind force of the nation. The finest triumphs of the next fifty years, results that will go further than all other enterprise in blessing men, will be won on the farm. There is a science of soil culture, and the art that is to be based upon it will open wide the door to men of thought and refinement. The answer of the old artist that he mixed his paint with brains is akin to the experience in the farming of the future, which will mix brains with the soil.—Columbus (O.) Journal.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver, and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

The Fee Simple.

Patrick Murphy, while passing down Tremont street, was hit on the head by a brick which fell from a building in process of construction. One of the first things he did after being taken home and put to bed was to send for a lawyer. A few days later he received word to call, as his lawyer had settled the case. He called and received five crisp new $100 bills.

"How much did you get?" he asked.

"Two thousand dollars," answered the lawyer.

"Two thousand, and you give me $500? Say, who got hit by that brick, you or me?"—Boston Herald.

Long Tennessee Fight.

For twenty years W. L. Rawls of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Best salve in existence. 25c at all druggists'.

ys New England and anufacturers Have Exacity of Banks in Buying—Relief Needed.

, Dec., 12.—Secretary interview Monday with committee, now in sesity, and later in the day lowing announcement:

ived in the last ten days arge number of letters men representing all country complaining of ary high rates of interconferred during the same ter or personally with er of bankers scattered uth and middle west, as east. I have conferred mittee of the Bankers' now in session in the gentlemen represent ouis, New Orleans, Atburg, Indianapolis, Desother cities,

best information I can the following describes fairly well:

sings are the real cause of stringency in money recogywhere. An unsually large uneaxmpled industrial activ created an unprecedented for money.

world is everywhere prospermoney is in great demand Europe as well as in the tes. We never had such of credits—and are based equaled volume of assets. facturers of cotton are buyaple by the main load. The ers, unlike the western emand actual cash, and he home in his pocket. The farmer is paid in checks, deposits in the bank to his d therefore does not absorb oney, as does the cotton This money should be returnanks when the planter settles merchant soon after the first ry, but between now and then on consuming country, as well cotton producing country, is of money.

New England has sent millions to the south and the manufacturers of cotton throughout the south have exhausted the capacity of local banks and are trying to borrow elsewhere. There is no occasion for alarm, but I believe there is occasion for relief. This I have decided to grant in the following manner.

"I will deposit $10,000,000 in existing depositories in the cities designated below, to be secured by bonds acceptable for savings bank investments under the laws of New York and Massachusetts, taken at 90 per cent of their value; these deposits to be returned, one-half on the 20th of January and the remainder on the 1st of February.

"I will also buy $10,000,000 of the bonds of 1907 at the following prices:

"Registered bonds ex-interest at 101 and coupon bonds at 102.

"In the event that the bonds purchased are now held as securities for government deposits, security of the character above indicated will be accepted in lieu thereof. Not more than $1,000,000 worth, however, will be purchased from any single institution under these conditions.

"New York and New Orleans will get $1,500,000 each; Boston, Philadelphia, Baltimore, Chicago and St. Louis, $1,000,000 each; Cincinnati, Louisville, Atlanta and Memphis, $500,000 each.

Livingston Works For Cotton.

Washington, Dec. 12.—Representative Livingston, of Georgia, secured the floor of the house Monday when the appropriation of $20,000 to secure cotton experts for continued work abroad. This amount was formerly raised by the committee on appropriations for work in spreading the trade in cotton fabrics in foreign countries. It was part of an appropriation for promoting foreign trade in American manufactured goods. The whole item was stricken from the list of appropriations by a subcommittee on appropriations recently.

Colonel Livingston made a vigorous appeal for the item and urged that it be amended to provide for work abroad in behalf not alone of cotton fabrics, but also of cotton seed products having the cotton plant as their basis will then be covered. Colonel Livingston gave notice of his intention to urge that this apropriation be put in the general bill. He stressed the important place held by cotton in foreign commerce and the fact that it had last year turned the balance of trade in favor of the United States.

He favored the action of the committee in setting its face against the new spelling reform in printing public documents. He also urged that the pay of congressmen's clerks and senators' clerks be equalized and all receive $1,500 a year, this amount to be paid them direct by the sergeant-at-arms.

Storers Created Roosevelt.

Chicago, Dec. 12.—A dispatch to the Record-Herald from Cincinnati says: "My husband created President Roosevelt," said Mrs. Bellamy Storer Monday night to a reporter of the Commercial Tribune. "President Roosevelt owes much today to Mr. Storer and myself," she continued. "It was through my influence that Mr. Roosevelt was made assistant secretary of the navy and it came about in this way: "Mr. Storer and I went to Canton to pay the president and Mrs. McKinley a visit. I told the president I was not there to ask for anything for myself, but that it would be a great personal favor if he would make Mr. Roosevelt assistant secretary of the navy. He at first opposed it by saying that Mr. Roosevelt was too much of a fighter, but eventually granted my request."

Britons To Visit Schools.

Columbus, Ga., Dec. 12.—Columbus' new secondard industrial school, which opened Monday morning, is to be inspected by a delegation from the Mosely commission of England. This commission, composed of five hundred leading educators of England, was sent to America for the purpose of studying the miproved methods in the schools of this country. A letter received from the commission asks for the Columbus public school report and brings the information that a party from the commission is coming on a tour of inspection. Massachusetts school authorities have also written to Columbus for information regarding the new school.

Drunken Man Shoots Host.

Tampa, Fla., Dec. 12.—J. B. Daniels was shot and killed in his home, Sanibel, Lee county, by Jno. Chansey, both white. Daniels had invited Chansey to dinner and about the time dinner was ready Chansey left the house and started for the road. Daniels followed him, urging him to remain to the meal, and Chansey, who was drinking, turned and shot his host with a shotgun, killing him instantly. Daniels' wife witnessed the killing, and when she threw herself on the body of her husband weeping, Chansey leveled the gun at her and forced her to go into the house. Chansey was arrested.

Fine Students for Smoking.

Chicago, Dec. 12.—A dispatch to the Record-Herald from Kenton, O., says that President Albert Edwin Smith, of the Ohio Northern University at Ada, has decided to require any student that he discovers to be a smoker to pay $1 per term more tuition than those who do not use the weed. In chapel yesterday Dr. Smith said: "All pipe suckers and cigarette smokers, in fact, all smokers of tobacco in any form, will be charged $1 more per term than others in the future. This extra tuition is to be a license for the habit."

RELIGIOUS WAR IS FACING FRANCE

Some French Catholics Enthusiastic for War.

STATE AND CHURCH DIVIDED

Struggle Which Began in 1880 Ended Tuesday with the Legal Rupture of the Bond Which, for a Thousand Years, United Church and State.

Paris, Dec. 12.—Tuesday was an historic day for France. The struggle which began in 1880, with the banishment of the Jesuits, ended today with the legal rupture of the bond which for practically a thousand uninterrupted years had united church and state. By refusing to make the required requisitions under the law of 1881, Catholic public worship by the Schismatic organizations Wednesday becomes illegal. The scenes in some of the churches were extremely touching. Not in years had there been such an attendance at mass. The number of women was especially large and was noteworthy as indicating the religious indifference of the male populace. Although seven-eighths of the inhabitants of this city are nominally Catholics, in no parts of the city were the churches crowded. Even at Nortre Dame, where a solemn high mass was celebrated, the edifice was only half filled. The officiating clergy read the regular offices for the week, as usual, without referring to their illegal status tomorrow. Nevertheless the depression of the Catholics was manifest. Many women emerged from the Cathedral with their eyes streaming with tears and lingered on the pavement to discuss what to do when the clergy are turned out of their churches.

But on the eve of the struggle, it became more apparent that both the government officials and higher ecclesiasticals are resisting the advice of the intemperate. The minister of public worship, Briand, announced that the government "cannot be driven into the trap of closing the churches," and Cardinal Richard, archibishop of Paris, has strongly censured the placarding of appeals to the clericals to make violent resistence to the officers of the law. "No violence," he says, "but passive resistance to the unjust law, after exhausting all protests at every step."

This is the disposition so far as the higher ecclesiastics are concerned, but their followers evidently have no intention to submit and are preparing to assume the roll of martyrs, abandon the churches and organize private worship.

Cardinal Richard and many of the bishops already have begun the removal of their private effects from the episcopal mansions, and the clergy is preparing to leave their rectories and move into into hired lodging. It is announced that the parish priests have received many offers of places in which to hold religious services, but there is not the slightest indication that they intended to take advantage of the sole remaining chance to retain their churches, namely, by making the declarations called for by the law. The government continues to present a calm front, although the ministers realize that additional legislative power will be necessary if serious trouble occurs.

Receivers have been apointed everywhere to assume charge of the sequestered property and three policemen will be stationed at the doors of each of the churches to report violations of the law; but as such violations can only be tried in the police courts and as the penalties, only 15 francs fine and 15 days' imprisonment, with the right to appeal, sterner measures may be necessary, and the government will probably acept the bill introduced in the chamber of deputies by M. Menier, republican, providing that all buildings, presbyteries and so on occupied by ecclesiastics, shall definitely escheat to the state, the departments and the communes on the enactment of the law providing for the separation of church and state and at once make arrangements that the sequestered property shall not be used, like the hospitals, for specials purposes or public charities; to suppress the pensions of the clergy who do not conform with the laws of 1905 and 1881, and to summon all the priests of military age to the colors, to serve their time in the army with other Frenchmen liable to military duty.

Monsignor Montagnini, secretary of the papal unuciature here, was arrested Tuesday afternoon on an order expelling him from France and was conducted to the frontier Tuesday night. The residence of Monsignor Montagnini was searched by the police.

Brown's Condition Improves.

Washington, Dec. 12—The remarkable vitality and fortitude shown by former Senator Brown, of Utah, who was shot by Mrs. Anna M. Bradley last Saturday, led the physicians at the Emergency hospital Tuesday to believe that his chances for recovery are good, should no complications set in. His condition continues to improve. Favorable reports from the bedside of the wounded man have had the effect of raising the spirits of Mrs. Bradley. She was more cheerful on Tuesday.

Chinese Exclusion Act.

Washington, D. C., Dec. 12.—Preparations are being made in the house for another attempt to get the Foster bill, modifying the Chinese exclusion act, out of the house committee on foreign affairs. Last year the opposition was successful in preventing a favorable report on the measure, and this year California especially is lined up against any changes in the bill excluding Chinese laborers from the country.

For Murder of Daughter.

Dayton, O., Dec. 12.—Affidavit charging Mrs. Gilman, mother of Dona Gillman, with the murder of her daughter has been filed in Squire Converse's court. Another affidavit charging Fayne Gillman and Collins Gillman with aiding and abetting a murder is ready to be filed as soon as sworn to. The affidavits were signed by District Heintman, of Cincinnati, who has been worikng on the case.

Workmen Fall Through Ice.

St. Petersburg, Dec. 12.—The ice on the Neva broke while several hundred of working people, employed at the Thornton factory in the Nevsky quarters, were returning to their homes across the river. Many of them were precipitated in the water, and wild rumors of great loss of life were circulated, but, according to the manager of the works, there were no fatalities.

Rural Police for Clarke County.

Athens, Ga., Dec. 12.—It has been decided to have a bill introduced into the next general assembly giving Clarke county the power to provide for a rural police service. This proposition is to have the county pay the bailiffs an additional compensation to their regular fees, and make them the rural policemen in their respective militia districts.

Wild Boar Attacks King Carlos.

Lisbon, Dec. 12.—In the course of a wild boar hunt yesterday a very large and powerful boar charged King Carlos. His majesty was thrown but was not hurt. His horse, however, was killed by the animal. The boar then charged other members of the hunting party and inflicted wounds upon the Marquis de Cerra, Count Molina and several others.

Trial of Rebels Begins.

Moscow, Dec. 12.—The trial of 68 revolutionary legionaries who were captured in the Presna suburb, the last stronghold of the insurgents in the December revolt began here on Tuesday. The accused men were subordinates in the organization. The leaders either escaped or were captured and summarily shot.

Room Filled With Explosives.

St. Petersburg, Dec. 12.—The police have searched the lodgings of a student named Karbasnikoff, son of a leading merchant, and found a stock of rifles, revolvers and bombs, a quantity of a new explosive of extraordinary force and plans for barricading the city in the event of an armed uprising.

MEETING COUNCIL WAS A WARM ON

The Moral Reform Ordinance R ceived Lengthy Discussion.

THE MAYOR AND THE FENC

That Distinguished Official, it is leged, Fenced in a Portion of W Court Street, and Will Not Perm Obstruction Removed.

There seems to be a wave of mor reform sweeping over Gainesville—at least an attempt at moral refor The greater part of the adjourn meeting of the City Council Tuesd evening was devoted to the discussi of the ordinance known as the "refor ordinance," which was presented that body for consideration sometim ago, but which has so far been tabl without action, farther than a discu sion of its merits.

This ordinance is a very stringen document, and seeks to close tight a places of business which would da sell a cigar or a piece of chewing t bacco, or a banana or anything else o the Sabbath day. While it is probabl a good ordinance in its way, there apparent considerable opposition to i and it looks as though it would meet op position in the council when it come to a vote.

The ordinance does not only wag war an places of business which kee open on the Sabbath, but touches upo other matters which the documen terms immoral. It provides for th removal beyond the city limits o hopses of a questionable nature, pro hibits minors from engaging in game of billiards, pool, etc., and even pre vents them from entering resort where games are played.

A thorough discussion of this ordi nance was entered into on Wednesda night, but the document met the same fate that it has suffered on two forme occasions—it was passed on without action.

Among other business transacted by the council was an order requesting the mayor to have removed from Wes Court street a certain fence which had enclosed a portion of said street, thus obstructing this thoroughfare. It was ascertained the following day, when the mayor was approached in the matter, that the property enclosed and the fence was done by action of the mayor, who alleges that he owns the land and fence in question, and who refused to permit the marshal or any of the city officials to remove the obstruction. This seems a rather peculiar situation, since Mayor Thomas is the only official who has manifested the authority to order the obstruction removed, and since he positively refuses to give the instructions, it would look like the matter at present is at a stand-still, and the council is "up a tree," so to speak.

Alderman Hodges, of the Street committee, introduced a resolution requesting that the city attorney prepare an ordinance changing the name of Liberty street and Alachua avenue to University avenue.

The Street committee reported the dilapidated condition of Pearl street from the Seaboard depot to the Atlantic Coast Line tracks, and recommended that this thoroughfare be paved. Matter was referred to the Board of Public Works.

A petition was received, signed by a number of citizens, asking for additional lights on South University and Pearl streets, which was referred to the Light committee.

Livingston Works For Cotton.

Washington, Dec. 12.—Representative Livingston, of Georgia, secured the floor of the house Monday when the appropriation of $20,000 to secure cotton experts for continued work abroad. This amount was formerly raised by the committee on appropriations for work in spreading the trade in cotton fabrics in foreign countries. It was part of an appropriation for promoting foreign trade in American manufactured goods. The whole item was stricken from the list of appropriations by a subcommittee on appropriations recently.

Colonel Livingston made a vigorous appeal for the item and urged that it be amended to provide for work abroad in behalf not alone of cotton fabrics, but also of cotton seed products having the cotton plant as their basis will then be covered. Colonel Livingston gave notice of his intention to urge that this apropriation be put in the general bill. He stressed the important place held by cotton in foreign commerce and the fact that it had last year turned the balance of trade in favor of the United States.

He favored the action of the committee in setting its face against the new spelling reform in printing public documents. He also urged that the pay of congressmen's clerks and senators' clerks be equalized and all receive $1,500 a year, this amount to be paid them direct by the sergeant-at-arms.

Storers Created Roosevelt.

Chicago, Dec. 12.—A dispatch to the Record-Herald from Cincinnati says: "My husband created President Roosevelt," said Mrs. Bellamy Storer Monday night to a reporter of the Commercial Tribune. "President Roosevelt owes much today to Mr. Storer and myself," she continued. "It was through my influence that Mr. Roosevelt was made assistant secretary of the navy and it came about in this way: "Mr. Storer and I went to Canton to pay the president and Mrs. McKinley a visit. I told the president I was not there to ask for anything for myself, but that it would be a great personal favor if he would make Mr. Roosevelt assistant secretary of the navy. He at first opposed it by saying that Mr. Roosevelt was too much of a fighter, but eventually granted my request."

This commission, composed of five hundred leading educators of England, was sent to America for the purpose of studying the miproved methods in the schools of this country. A letter received from the commission asks for the Columbus public school report and brings the information that a party from the commission is coming on a tour of inspection. Massachusetts school authorities have also written to Columbus for information regarding the new school.

Organization of Suwannee Naval Stores Company in Levy County.

Surveyor J. W. Patton has returned to his home in this city from the vicinity of Janney, Levy county, where he has been engaged for the past few days surveying a large tract of timber land, comprising 7,500 acres, for Epperson & Hardee.

Epperson & Hardee, who have been extensively engaged in the naval stores business in Levy county for sometime, it is reported have sold an interest in the business, which will be considerably enlarged, to Tiller & Co., Ocala, and the company will be incorporated under the style of the Suwannee Naval Stores Company. The tract which Surveyor Patton has just finished laying out is said to contain some of the finest, round virgin timber to be found in the South, and this tract will be embodied in the new charter.

It is said that the Suwannee Company will at once begin operations in the matter of cutting new boxes and opening this tract, which means a great commercial gain for that section of the county.

HARMFUL STOMACH DOSING.

No Need of It When Hyomei Is Used to Cure Catarrh.

Physicians and scientists agree that the less medicine one swallows, the better. It is in keeping with this idea that Hyomei is recommended by leading physicians throughout this and other catarrhal sections.

When this treatment is used in catarrhal troubles, there is no stomach dosing, for the medicine is taken in with the air you breathe, and goes right to the spot where the catarrhal germs are present, healing the inflamed and irritated mucous membrane, killing the disease germs and entering the blood with the oxygen, driving all catarrhal germs from the system.

Do not try to cure catarrh of the head by putting medicine into your stomach, as this is neither a scientific nor common-sense treatment. Breathe the healing balsams of Hyomei and in a few days you will notice relief, and its continued use will result in a complete and lasting cure.

J. W. McCollum & Co. have seen so many cures made by Hyomei amongst their customers, several of them cases where all hope of relief had been given up, that they give an absolute guarantee of cure, or money will be refunded with every outfit they sell.

The complete Hyomei outfit costs but $1, while extra bottles of Hyomei, if needed, are only 50 cents.

Mrs. S—, Columbia, Tenn., writes: "I always keep a supply of your Herbine on hand. Am so well pleased with the relief it gives in constipation and all liver complaints that words can't express my appreciation." Sold by W. M. Johnson.

AN INTERESTING MEETING.

Ladies' Hospital Aid Association Convened at Sanitarium Monday.

The Ladies' Hospital Aid Association, an adjunct of the Gainesville and Alachua County Hospital Association, held an interesting meeting at the Sanitarium Monday afternoon, which was largely attended, and at which a great deal of enthusiasm was manifested.

Among other things discussed at this meeting was a number of plans for the betterment of the institution, which discussion was entered into with earnestness by several ladies present.

Visiting and flower committees were appointed, and the association guaranteed the maintenance of one of the charity wards.

It is announced upon authority that steps are being taken to establish a charity ward for colored people.

A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure cough and cold cure. Guaranteed by all druggists. 50c and $1. Trial bottle free.

The Mayor's Court.

In the mayor's court Monday morning Frank Shufert was arraigned upon a charge of disorderly conduct. The witnesses who appeared against him testified that his conduct upon the charge was disorderly, and he was required to pay a fine of $2 50 and costs.

John Gaines, who had some sort of a misunderstanding with a woman and threatened to wipe the face of the earth up with her, was also arraigned upon a charge of disorderly conduct, but the prosecuting witness withdrew the charge, and the defendant was let off with the costs in the case.

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucus and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 73 worms. For sale by W. M. Johnson.

Elks Are Thankful.

Gainesville Lodge B. P. O. E. 900 desires to unanimously express its grateful thanks to Mrs. J. F. McKinstry, Jr., Miss Bessie Brown, Mr. Harry Howell, Mrs. R. A. Becker, Miss Christine Richards, Miss Minna Hampton and Hon. H. B. MacFarlane, for their kindness in taking part in the program of our memorial service, on Sunday, December 2nd, 1906.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Melrose Mention.

Melrose, Dec. 11.—The children of the Melrose school will have a Christmas tree of their own at the schoolhouse on Friday, Dec. 21, at 2:30 p. m., and the usual Sunday school festivities will be held at the town hall on Monday evening, Dec. 24.

Mr. and Mrs. W. S. Yearwood, Miss L. Yearwood and Miss F. McMillan have gone to Jacksonville for a few days.

W. L. Giessner of Macon, Ga., industrial agent of the G. S. & F. Railroad, was a visitor in town during the week. Other visitors were Mrs. W. Wall and son and Mrs. S. D. Wall of Starke, who were the guests of Mrs. O. C. Husband.

E. Holt, tax collector for Clay county, will be at the Huffman House on the afternoon of December 19th to collect the county taxes.

Real estate has been quite active lately, several pieces in and around Melrose having changed hands, with others in prospect.

Newly registered at the Huffman House are Mrs. and Miss Barker, Pittsfield, Mass., and Mrs. M. A. Earle and daughter, McRae, Ga.

L. Baldwin and son are preparing to build a new warehouse on Bellamy avenue.

Attention is called again to the oyster supper at the Huffman House December 14, at 6:30 p. m., for the school piano fund. Tickets, 50c. Dancing after supper. Everybody come and have a good time.

MOZLEY'S LEMON ELIXIR

The Ideal Laxative.

There are no unpleasant effects from MOZLEY'S LEMON ELIXIR, but its action is thoroughly effective. It regulates the Liver, Stomach, Bowels and Kidneys, cleanses the system of all impurities, but does not gripe or produce the least unpleasantness. MOZLEY'S LEMON ELIXIR, unlike other laxatives, has a most pleasing taste, children even beg for it. 50 cents and $1.00 per bottle.

ALACHUA TO HAVE FINE STOCK SHOW

Movement on Foot to Show World What We Have in Live Stock.

GOOD MEN AT THE HEAD

The Horses and Cattle of Alachua County Will be Shown to Good Advantage in Ring Specially Prepared for the Purpose—To be Held in March

The Florida Winter Bible Conference, the Christian Workers' Institute and the Gainesville Winter Chautauqua, all of which were introduced here through the instrumentality and influence of Rev. Clarence B. Stroose, have proven great drawing cards and great advertisements for Gainesville throughout the United States. Beginning at the first session, three years ago, the attractions have been more and more magnetic until last year it was a difficult matter, on account of those who were attracted here by these features, to secure accommodations. People came from everywhere—from the West and from the East, and from every section of the South, who desired to spend the winter where such excellent religious and oratorical talent could be found. Mr. Strouse has brought to Gainesville a number of the most eloquent and forceful pulpit orators, and a program of versatile Chautauqua numbers, ever presented in this country, and the people are thankful to him for this, for it has accomplished as much toward the advancement of Gainesville as anything else, as it has been a drawing card.

A movement is now on foot to establish an annual stock show here. This show will be given in connection with the Chautauqua. While it is not actually a part of the Chautauqua, the date has been set that Chautauqua visitors may attend the same, which will afford an excellent opportunity to show the stock products of the county to good advantage.

This stock show, will last for four days, and its object will be to show what Alachua county is doing in stock raising, and to encourage the horse and cattle interests of the county. Plans will be inaugurated to erect a pavilion 200x100 feet with all modern conveniences. The show ring will be sufficiently large so that stock can be ridden and driven with ease and grace, showing to best advantage the stock on display. Seats will be arranged on either side of the ring, or hippodrome, and powerful lights installed, in order that the stock may be exhibited as well at night as in the daytime, and with the same effect.

The court will seat at least 2,000, and will afford all an excellent and uniform opportunity to see.

It is said by stock owners, as well as others who are regarded as shrewd business men, that this show will accomplish for the individual good and benefit for the county more than double the amount of money and labor expended in making exhibits at State fairs, where many feel that they receive very unjust judgment.

It is understood that Major W. R. Thomas, one of the largest owners of horses in the State, G. Henry Davis, another prominent horseman, and others, are now agitating this matter, and that they have the hearty co-operation of C. W. Chase, one of the most liberal and public-spirited citizens, and N. A. Callison, manager of the Spring Park Stock Farm Company, who is one of the best posted men on cattle in the South.

There is little doubt but that the City Council and county commissioners will contribute liberally to this venture, which is destined to become of so much benefit to the interests of the city and county in general.

CARPENTER-ADAMS.

Marriage of Florida Boy to Well Known Young Lady of Iowa.

The Elkader (Iowa) Register, of the 6th inst., has the following notice of the marriage of Mr. Robert Adams, formerly of this city but now residing in Ocala, and Miss Nellie L. Carpenter of Elkaber:

"At the residence of Mr. and Mrs. H. R. Carpenter in this city this evening occurs the marriage of their daughter, Nellie L., and Robert Adams. The ceremony will be performed by Rev. A. S. Hock, pastor of the Congregational church of Elkader, who will use the Episcopal ring service, in the presence of relatives, no cards having been issued.

"The bride will be prettily attired in chiffon batiste, trimmed with baby, Irish and Valenciennes lace, while the groom will appear in the conventional black.

"The bride is one of the popular young ladies of Elkader, possessing those accomplishments that tend to the upbuilding of an enjoyable home.

"The groom is from Ocala, Florida. His mother is the owner of the Ocala House in that city. He is connected with the clerical force of the hotel and is also the city ticket agent of the Atlantic Coast Line at Ocala. Mr. Adams spent several weeks here this fall and won the friendship of those whom he met.

"Mr. and Mrs. Adams depart at once for the South and will be at home at Ocala, Fla., after Jan. 1st, 1907. They leave Elkader with the hearty congratulations and best wishes of a host of friends."

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Meeting of Stewards.

The last quarterly meeting of the board of stewards of Kavanaugh Methodist Church was held at the class-room of the church Monday afternoon, and was well attended.

The meeting was a success in every way, as reports showed the condition of the church and its affairs to be most satisfactory. This will enable Rev. T. J. Nixon, who left Tuesday for Conference at Palatka, to make a favorable report upon the doings of the church here.

Notwithstanding that there are many larger churches in the State, the Gainesville church is considered one of the best and wealthiest churches in Florida.

What's

SCHOOL NOTES.

(Received too late for publication in Sunday's Sun)

We were glad to have with us at chapel exercises last Tuesday Rev. Nixon, Dr. Bullock, Mr DeLand and Mr Kellum. They all made short and encouraging talks, which were greatly enjoyed.

The special features of chapel exercises this week were a vocal duet Tuesday morning by Naueline and Lucille Kinnebrew, and a piano solo Monday by Fannie Burkhim.

The sixth, seventh and eighth grades have taken up the study of mental arithmetic, and are learning how to calculate without pencils.

We all greatly appreciate Mrs. Moseley's kindness in presenting to the library such a fine list of books, and just such as we needed. We hope many of our other friends will be moved to do likewise.

The Sophmore class in Latin in the High School will take up the reading of Caeser after the Chistmas holidays. The Juniors are now helping Cicero expel Cataline from Rome.

The singing at chapel exercises is improving rapidly, which very greatly helps to make this one of the pleasantest periods of the day.

Joseph Dupree of the Freshman class has stopped school and gone to work till after the holidays.

The Demosthenean Society had an interesting meeting Friday, and decided that it would not be wise for the State to undertake the draining of the Everglades just now, so Governor Broward will please take notice and suspend operations till further advised. A pleasant feature of the meeting was the violin duet by Ruby DeLand and Tom McBeath.

A Poor Organ.

Dam(s) the bile. That's what your liver does if it's torpid. Then the bile overflows into the blood—poisons your system, causing sick headache, biliousness, sallow skin, coated tongue, sick stomach, dizziness, fainting spells, etc. Ramon's treatment of Liver Pills and Tonic Pellets strengthens the liver and makes it do its own work. Prevents and cures these troubles. It aids—doesn't force. Entire treatment 25c. J. W. McCollum & Co. and W. M. Johnson, Gainesville.

Justice Colman's Court.

The mills of Justice were set to grinding in Justice Colman's court Monday for the first time in several weeks. In this instance Joseph Davis, who "swiped" a razor from Moses Johnson, was arraigned upon a charge of larceny.

The defendant pleaded guilty, expressed his regrets at having relieved his companion of the razor, and was assessed a fine of $1.50 and costs, which was paid.

Prevents Headache.

Force them? No—aids them. Ramon's treatment of Liver Pills and Tonic Pellets strenthens the liver and digestive organs so that they do their own work and fortifies your constitution against future trouble. Entire treatment 25c. J. W. McCollum & Co. and W. M. Johnson, Gainesville.

A Rhode Island man sold his wife for $200. Some men are born lucky.

A man named Pills was elected to Congress in Indiana. It is not stated whether he is of the little liver or pink or pale people variety.

The Pullman Company is a tax dodger and yet it has twenty-six million dollars' surplus in its treasury. Why not cut down sleeping-car rates?

A girl in Utica shot four times at a book agent and missed him. We don't know any statute that would fit her case, but she ought to be convicted anyhow.

A New York paper asks which is more to be depended on—the blonde or the brunette. For brainy mental balance the brunette every time. The blonde is lightheaded.

Mr. Harriman, not to be outdone by Jim Hill or any other railroad magnate, has a column about his belief that the people should own the railroads—that is the stock—but Harriman and the other railroad bosses are to manage the railroads and fix the rates and interest that is to be paid.

The Burlington railroad very promptly paid the fines imposed on its officials by the United States court for rebating, as well as the fines imposed on the railroad company itself. Does anyone believe that this kind of punishment will make railroad officials obey the law, if it is to the interest of the railroad company to break it?

The prosperity of Gainesville is not guarded by the wealth of its citizens, but by the uniformity with which they pull together when an important undertaking is to be accomplished. A man with a few hundred dollars at his command can do far more for Gainesville than a millionaire who locks up his capital and snaps his fingers at home progress.

The growth of the sentiment amongst the voters of the country for the election of members of the United States Senate by the people is indicated by the fact that twelve of the new Senators who will be elected were nominated by the voters at the primaries. This is bound to affect the character of the Senate by removing its members further from the bosses and nearer to the people, and in time must revolutionize the corporation and trust tinge of that body.

All this talk about the division of the grand championship prize at the State Fair giving general satisfaction, is mere bosh. Not a person connected with the exhibit from Alachua county is satisfied with the decision of the judges dividing the grand prize between Alachua and Polk counties. Alachua was fairly entitled to the prize and eighty of every hundred persons who visited the Fair so expressed their opinion. The decision of the judges, or at least some of them, is regarded as a political card played by them, and they may just as well understand right now that they have not added to their popularity in this section.

TAINTED MONEY.

The story is circulated in Washington that President Roosevelt demanded sometime ago that Mr. Cortelyou, chairman of the Republican National Committee, and Mr. Bliss, the treasurer of the committee, arrange to repay from the funds on hand $148,000 received from the Life Insurance Companies for the campaign fund of 1904. These officials are reported to have obstinately refused to make restitution of the tainted money, although there was over $400,000 balance in the bank to the credit of the committee. If the President feels so strongly that this tainted money, which rightfully belongs to the widows and orphans of the policy-holders, should be returned, it would seem that he is in a position to cause restitution to be made by demanding that Mr. Cortelyou return the contributions. In case of refusal he can call for the resignation of Mr Cortelyou as Postermaster-General and as chairman of the Republican National Committee, which would bring the matter to a climax. As nearly two years have elapsed without restitution being made of these large amounts of money, by the Republican politicians involved, it is difficult to believe that there is any real intention of making restitution of the tainted money.

There is another phase of this question that even restitution will not efface, for it will be remembered that President Roosevelt denied that either he or Mr. Cortelyou had knowledge of any such campaign contributions from corporations when Judge Parker charged before the election of 1904 that such contributions had been received. It will therefore require not only restitution of the tainted funds, but also an apology to Judge Parker to clear up this noxious Republican mess. It would be pleasant to record that the Republican politicians, even while knowingly having received the tainted money, are willing to show fruit meet for repentance, and in future when receiving similar contributions will insist that the appearance of evil shall be avoided.

THE NATIONAL CAPITAL.

Washington, Dec. 10—It seems rather queer in this day to hear talk of States' rights. But that is the thing that is now uppermost in Washington conversation. There is no section of the President's message to Congress that has caused more talk than the section relating to Japanese affairs on the Pacific coast. The general opinion, though not the one generally voiced, is that the message so far as it deals with Japan is a gigantic bluff. It sounds well—sounds particularly well abroad. In this may be noted the comments that have come back by cable from London. The British government has been having anti-Asiatic trouble of its own in the colonies recently, and has been obliged to deal with the sentiment in Australia and the Transvaal. Therefore the words about equality and fraternity were particularly welcome as being in line with the policy that Great Britain has already adopted.

So far as Japan is concerned, the statement in the message cannot be accepted in other than good faith, and it shows that the administration is willing to do all it can to settle the question to the satisfaction of Japan. But if it be shown that the control of school affairs on the Pacific coast is beyond the reach of the Federal government even through treaty rights, then both Japan and the Federal government will have to bow to the inevitable and do the best they can under the circumstances. The talk of using military force against the States of the coast is well enough in published correspondence, but the scheme of sending Federal troops against a State has been tried once in this country, and it is not likely that it will ever be tried again over so small a matter as the schooling of Asiatics.

The probable course is that a test case will be made in the court, and carried as speedily as possible to the Supreme Court. If that tribunal decides that the Japanese must be admitted to the public schools of the coast, the people of California, Washington and Oregon will probably admit them and send their own children elsewhere. But if the court decides the opposite, the government of Japan will be notified of the decision and the matter will be allowed to rest. As several of the Senators and Representatives have pointed out, any talk of war is worse than useless. It is silly.

No sooner has Congress gotten together for the new session than there is talk of an extra session in the air. It is naturally over the question of tariff revision. There is now talk that a special message will be sent to Congress, and that there will be a special session called on March 5th next. Massachusetts is in the lead about this. She wants tariff revision more than any other of the manufacturing States and practically the whole of the State delegation is solid for the idea. The Democrats are of course in favor of tariff revision and they hold that there is more prospect of getting it now than should the party wait till Roosevelt is succeeded by Taft, Fairbanks, Shaw, or some of the other men who are avowed stand-patters. There is a question whether, in case the subject can be brought up for discussion, it would be wise to open the whole question. There is a strong element in favor of settling on some of the schedules that are now obviously too high, and calling an extra session specifically for the purpose of adjusting them. Others hold that it would be wiser to open the whole subject and have a thorough-going revision. One thing is certain, and that is that most of the members who favor the revision scheme at all, think it wiser to do the revising while the country is on the high tide of prosperity rather than to wait and adjust the tariff during bad times and just when the country could least afford it.

One good thing that has come out of Massachusetts this early in the session is the bill just introduced by Senator Lodge for uniform child labor laws. With the growth of factory business in the country, this is becoming annually a more pressing problem, and one that vitally affects the health and well being of the community. Massachusetts has unquestionably a very good set of child labor statutes and the most of the States could do much worse than follow her example. The method by which it is proposed to reach the matter from Washington is to follow the line of the meat and pure food laws and prohibit the transportation in interstate commerce of any goods made in a factory where labor under the prohibited age is employed. This would strike immediately at the root of the matter and would be a good thing for all manufacturers, whether disposed to be just and fair, or not.

Now that the Interstate Commerce Commission has been enlarged, there seems to be more piling up for it than even the enlarged commission can do, and there is serious talk of adding two new members to it. One of the first jobs that it is expected to tackle is the investigation of the Harriman system of railroads. These roads are alleged to constitute the greatest combination in restraint of trade in the country. The Union Pacific is peculiarly liable to government supervision and control because of a provision in its charter permitting the government to regulate the earnings over six per cent. But it is claimed that the combination of the so-called Harriman lines now is a greater trust than that contemplated by the Northern Securities Company. It is said that while the dissolution of this trust if it were dissolved would be a matter for the Supreme Court, that the Interstate Commerce Commission, with its mandate to "supervise and inquire into" the conduct of the railroads, would be the first bureau to have a try at the investigation and something of the sort may be expected very soon.

There will be a general shift among the higher diplomatic officers of the government very soon. When the general change of the cabinet occurs between the first of the year and the fourth of next March, Mr. Von Myer will be brought home from St. Petersburg. This will leave a vacancy there which will in all probability be filled by some outsider. Then it is expected that Ambassador McCormick will come home from Paris, and that his place will be taken by Lloyd Griscom, now ambassador to Brazil. It is understood that Chas. Page Bryan will go to Brazil, and it is possible at the same time that there will be a shifting of the diplomats now accredited to Mexico and Japan.

SERMONETTES

Mother is our deity—what's wrong about it! At the father's feet we learn the ways of the world—the world of thought, government, and business we come to know. At mother's knee—the one shrine of all the ages—we catch the first signs of inspiration while she sings to us of her land beyond the stars. She is our first teacher. Some one truthfully said: "We learn from her dear lips a theology which the seminaries and all the higher critics may criticize all they please, but which they cannot wholly efface." How often has she caressed our weary heads and crooned to us her lullabies in the twilight hours. And though we be a century old, yet do we dream again that her arms are our cradle and her tender breast our pillow. With what tenderness she held you as she drew your tired head down into its nesting place. The hollow in every woman's shoulder is where God meant for some weary head to rest. Pity that boy whose head leans on no such bosom! Pity more the woman whose breast feels the pressure of no curly head, and about whose neck there steals no tiny fingers feeling in the evening shadows for the lips that sing his baby songs!

As we understand it, Secretary Shaw means to say that the Pittsburg Chamber of Commerce is all right in its way, but does not weigh much.

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

Jonesville Jottings.

Jonesville, Dec. 10—Miss Mary Parkerson has returned to her home at Cedar Key, after a delightful visit to friends and relatives at this place.

Miss Melissa Pickett has returned from Gainesville, where she visited her sister, Mrs. J. R. Fowler.

Miss Clem Pickett, who has been attending school at Gainesville, is visiting her parents, Mr. and Mrs. H. A Pickett.

J. A. Jones and cousin, Miss Dora Dudley, visited friends in Newberry last Sunday afternoon.

Mr. and Mrs. H. A. Pickett have issued invitations to the marriage of their daughter, Miss Melissa, to Mr. Charlie O. Greene of Double Sink. Miss Melissa is one of Jonesville's most charming young ladies, and while we will miss her, we wish her a happy married life with just clouds enough to make the setting most glorious. Mr. Greene is a young man of sterling worth and is employed by Cummer in the capacity of manager of a commissary. Mr. Greene is to be congratulated upon winning the hand of Miss Pickett.

Lumber has arrived for the new school-building and work will begin on same in a few days.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

$225,000 FIRE LOSS AT MACON.

Central City's Empire Store Is Destroyed by Flames.

Macon, Ga., Dec. 11.—Fire broke out at 9 o'clock Sunday night in the large retail dry goods establishment of Burden, Smith & Co., completely destroying the immense stock and the building which fronts on three streets. The building and stock were completely destroyed, entailing a loss of $225,000. The estimated insurance is about $125,000.

The origin of the fire is unknown, though it was discovered on the lower floor of the building and soon enveloped every department. The establishment employed 125 people as an immense stock of holiday goods had been opened.

The Empire store was located at the corner of Cotton avenue and Sherry street.

The alarm sounded at 9 o'clock. Immediately thereafter the entire fire department was called into service. The flames were first discovered on the Cherry street side of the Empire store.

At 11 o'clock the firemen gained scontrol of the fire in Triangular block and confined the greater losses to the Empire store. The 3-story building, at the corner of Second and Cherry streets, owned by E. I. Willingham, is badly damaged.

The Guttenburger music store, next to the Empire, was also damaged, but the flames were never allowed to gain headway there.

The 3-story building and the 2-story structure occupied by the Empire store are complete losses.

The fight of the firemen was heroic and rapid.

The 2-story building destroyed belonged to the estate of the late S. T. Coleman, and the 3-story building was owned by C. B. Willingham, Sr. These are valued at $100,000 and covered by insurance.

BIG FINANCIERS ARE VISITING GAINESVILLE

Stockholders Interested in Gainesville and Gulf Railroad.

A TOUR OF INSPECTION

Will Be Made of the Extension—Financiers Accompanied by President Atkinson and Other Officials of the Gainesville and Gulf.

From Wednesday's Daily Sun.

There are visiting Gainesville a trio of prominent railroad men and financiers of the East, who came for the purpose of making an investigation in the Gainesville and Gulf extension work. They are Horace B. Parker of Boston, a stockholder in the road, George Baker of Boston, member of the firm of Baker, Ayling & Co., bankers, which firm has invested considerably in the bonds of the Gainesville and Gulf and Tampa Northern railroads, and John G. Bleekman of New York, a prominent financier who owns considerable stock in the venture, and who is president of the Tampa and Jacksonville Railroad.

These gentlemen left the city Tuesday for the scene of action, the extension of the Gainesville and Gulf, and will make a thorough tour of inspection. They were accompanied by President Atkinson of the Gainesville and Gulf, and other officials of that road, using President Atkinson's private car for the trip.

It is stated at the general offices of the Gainesville and Gulf that work of grading the extension is progressing finely. Three large forces are at work, and the connecting links will soon be made. As soon as iron can be secured, the laying of rail will begin, and it is reasonably safe to state that, if there is no delay in the delivery of iron, the road will be completed through to Tampa and in full operation by September of the coming year.

It was proposed to have this road in operation between Tampa and Sampson City by May 1, but delays have been caused on account of inability to secure labor and materials. The work will be pushed as rapidly as possible, however, and when completed the road will be first-class in every respect, and will furnish an excellent outlet to the West and all other sections of the country from South Florida.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver, and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Captain and Crew Rescued.

Nassau, N. P., Dec. 11.—Captain Fredericksen of the Norwegian bark Wellington, his wife and fifteen members of the crew of the vessel, were rescued by the Elder-Dempster steamer Sokoto, in latitude 35 north, longitude 66 west. The Wellington, which sailed from Gulfport, Miss., Nov. 2, with a cargo of lumber for Rosario, Argentina, was water-logged when deserted. The Sokoto will take the rescued persons to Havana, Cuba.

TORTURED BY ITCHING ECZEMA

Suffered Tremendous Itching Over Whole Body—Scratched Until Bled—Worse at Night, With Soreness and Excruciating Pains—A Western Lady's

WONDERFUL CURE BY CUTICURA REMEDIES

"Last year at this time I suffered with a tremendous itching on my back, which grew worse and worse, until it spread over the whole body, and only my face and hands were free. For four months or so I suffered the torments of the damned, and I had to scratch, scratch, scratch, until I bled. At night when I went to bed things got worse, and I had at times to get up and scratch my body all over, until I was as sore as could be, and until I suffered excruciating pains. I did not know what it was, and resorted to a number of blood purifiers, using at times also Cuticura Soap. They told me then that I was suffering from eczema. Then I made up my mind that I would also use Cuticura Ointment and Cuticura Resolvent. I used them according to instructions, and very soon indeed I was greatly relieved. I continued until well, and now I am ready to recommend the Cuticura Remedies to any one who suffers as did your obedient servant. Mrs. Mary Metzger, Sweetwater, Okla., June 28, 1905."

TORTURING, DISFIGURING

Humors, Eczemas, and Itchings Cured by Cuticura

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalled head—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt.

Sold throughout the world. Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. A single set often cures. Potter Drug and Chem. Corp., Sole Props., Boston, Mass.

SHOT THREE AND WAS KILLED.

Crazy Miner Began Shooting in a Crowded Trolley Car.

Jackson, O., Dec. 11.—The most tragic event in the history of this city occurred Sunday afternoon, when Elmer McNeal, a demented coal miner, armed with two big pistols, began shooting into a crowded trolley car leaving this city for Wellston, instantly killing Harry White, a young man employed at the D. T. and I car shops, mortally wounding J. D. Van Atta, piano agent, of Newark, O., and severely wounding J. E. Kinnison, superintendent of the public schools of this city.

After some half a dozen shots had been fired by the frenzied man, he was thrown through the car window. Reloading his pistol, he made his way up town, pursued by officers and citizens, who shot him in the head, fatally wounding him.

McNeal was twice a patient at the Athens insane asylum, but was not considered dangerous.

Is Wanted at Cartersville.

Chattanooga, Tenn., Dec. 11.—After a search covering a period of one year, Frank Patrick, a negro, who is wanted for murder in Cartersville, Ga., was arrested here by Constable W. I. Davis, of Cartersville, and local detectives. Constable Davis had followed Patrick's wife from Kingston, suspecting the woman's destination. The two local detectives whom he had notified, met him at the union depot, where Patrick was awaiting his wife. The arrest followed. In December, 1905, Patrick killed a negro named George Rawlings in Cartersville. Rawlings had been paying undue attention to his wife, and in a jealous rage, Patrick beat him to death with an ax.

A Miraculous Cure.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1 at all drug stores.

LABOR Contracts, just the thing for farmers and turpentine men, 50c per dozen, $2 for 50, or $3 per 100. Cash in hand with order. Address, THE SUN, Gainesville, Fla.

Voyle's land on North line of Section Four (4), Township Ten (10), South Range Twenty (20), East, and run thence South ten (10) chains, then run West six and three-quarters (6¾) chains, then run South eight and a quarter (8¼) chains, then run West ten (10) chains, then run North eighteen and a quarter (18¼) chains, then run East sixteen and a quarter (16¼) chains to beginning; also all that certain lot, tract, piece or parcel of land situated, lying and being in the City of Gainesville, and in the county of Alachua and State of Florida, and particularly described as follows towit: Commencing at the Northwest corner of Section Four (4), in Township Ten (10), South Range Twenty (20), East, and from this point run South three (3) chains and eighteen (18 links to the point of beginning of the land hereby conveyed, then run South three hundred and fifty-one (351) feet more or less, then run East parallel to North line of Section Four to the run of Sweetwater branch, then up the run of Sweetwater branch to a point South three chains and eighteen links from the North line of Section Four (4), then run West to point of beginning, hereby guaranteeing and warranting the street along the Western line of above property Forty (40) feet in width and containing Four (4) acres more or less; and notice is hereby given that I, L. W. Fennell, as Sheriff of Alachua county, under and by virtue of said execution and the levy made thereunder and the advertisement of the sale of the above described real estate, will sell the same before the court house door in the City of Gainesville, Florida, as the property of Edmond E. Voyle to satisfy said execution between the legal hours of sale on Monday, the 7th day of January, A. D. 1907, the same being a legal sale day.

This December 5th, A. D. 1906
L. W. FENNELL,
Sheriff of Alachua County, Fla.
J. A. CARLISLE, Plaintiff's Attorney.

SHERIFF'S SALE.

Notice is hereby given under and by virtue of an execution issued out of the Justice of the Peace Court, 2nd District, in and for Alachua county, Florida, in a certain cause therein pending in which Frank E. Wood is plaintiff and D P. Chesser is defendant, and directed to the sheriff or any constable of said county, I have levied upon and will sell at public outcry before the court house door in Gainesville, Alachua county, Florida during the legal hours of sale on Monday, the 7th day of January, A. D. 1907, the same being legal sale day, the following described property towit: Lot H in the town of LaCrosse, lying and being in Section 34, Township 7, Range 19, in Alachua county, Florida, the same being levied upon as the property of D P. Chesser and to satisfy said execution. Terms cash.

This December 1st, 1906
L. W. FENNELL,
Sheriff Alachua County, Fla.
OWEN ROYALL, Attorney for Plaintiff.

CONTEST NOTICE.

Department of the Interior.
"C" No. 190. United States Land Office, Gainesville, Fla., October 25, 1906.

A sufficient contest affidavit having been filed in this office by A. U. Hillsery, contestant, against Homestead entry No. 7917, made March 3rd, 1904, for E½ of NW¼, Section 27, Township 10 S., Range 14 E., by Dillait F. Trammell, in which it is alleged that said Trammell died on Sept 19, 1906, leaving no widow nor known heirs; that said land has been wholly abandoned since the death of said Trammell, the abandonment not being due to employment in the army or navy, said parties towit: A. U. Hillsery and the unknown heirs of Dillait F. Trammell, deceased, are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m. on Jan. 4th, 1907, before the Register and Receiver at the United States Land Office in Gainesville, Fla.

The said contestant having, in a proper affidavit, filed Oct. 17, 1906, set forth facts which show that after due diligence personal service of this notice cannot be made, it is hereby ordered that such notice be given by due and proper publication.

HENRY S. CHUBB, Receiver.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Tuesday's Daily Sun:

Sale going on at New York Racket.

B. F. Matthews of Tacoma was trading in the city yesterday.

Richard Phillips, a bright young man of Meredith, spent yesterday with friends in this city.

George Davenport, formerly of this city but now of Tifton, Ga., is spending a day or two with friends here.

Dr. E. H. Armstong makes a special visit to Gainesville on December 28th. He will be in Alachua December 27th.

R. G. Zetrouer left yesterday for Wade, where he has accepted a position as manager of the Cummer commissary.

Mrs. Maude Adams of Edgefield county, South Carolina, has arrived in the city, and is a guest of her sister, Mrs. J. F. Bunch.

For Sale—Nice White Leghorn Cockerels; eight months old; Wilbur's Gem strain. Price $1.50 each. K. V. Merry, Micanopy, Fla.

Mr. and Mrs. A. T. Duren of Archer were among those who favored Gainesville with a visit yesterday. Mr. Duren is a prominent trucker of that section.

Conductor C. A. Marks of the Seaboard Air Line, with headquarters in Ocala, returned to his home yesterday, after spending a week here with relatives.

Miss Clem Pickett, a student in the University High School, has returned from Jonesville, where she has been on a visit to her parents, Mr. and Mrs. H. A. Pickett.

T. M. Venable of Arredondo, a Confederate veteran and one of the most widely known residents of that section of the county, was trading in the city yesterday.

J. T. Manning of Clark, formerly an employe of the Seaboard Air Line here but now agent of the Atlantic Coast Line at that point, was a guest of friends in this city Sunday.

Dr. and Mrs. M. H. DePass of Archer were in the city yesterday. Dr. DePass states that Dr and Mrs. Bishop, who have been his guests, have returned to their home at Holder.

Mr. and Mrs. Wilson and two daughters of Booneville, Ind., have arrived in the city for the winter, and will be located at the home of Mrs. A. L. Foster. This is their first season here, and it is hoped they will be pleased.

Prof. W. N. Hall of Orange Heights was in the city yesterday. He was en route to Palatka, where he will spend a few days with friends. Prof. Hall up to the present term has been one of Alachua's efficient teachers, but resigned his appointment this year.

John D. Luther of Old Town, one of the most widely known citizens and stock men of that section, was in the city yesterday. Mr. Luther was en route home from Jacksonville, where it is said he succeeded in making a big timber deal involving about $30,000.

Our cold storage rooms at Gainesville and Alachua are now open for business. We have just completed two new rooms at Gainesville and are prepared to take care of all the meat that comes. The Diamond Ice Co., R. B. Livingston, Manager.

Mr. and Mrs. E. H. Smith of Madison were in the city Sunday on a brief visit to relatives and friends. Mr. Smith was formerly of Tioga, where he was employed as manager of the Cummer naval stores interests. He is now located with a new firm in the same capacity in Madison county.

Mrs. Phillip Miller and daughter, Miss Mercedes, have returned from Sewanee, Tenn., where they have been with the former's son, Austin Miller, a student of the University of Tennessee. They were met in Atlanta by Mr. Miller, who accompanied them home. Austin expects to arrive about the 20th inst., and will spend the holidays here.

Prof. P. H. Rolfs of the experiment station, University of Florida, which department is still located at Lake City, is in the city looking after his official duties. It will be next year before this department can be transferred. Ground is now being prepared, however, and by the spring the experimental farm will have been very well under way here.

John F. Jackson of Bronson was in the city yesterday. Mr. Jackson, who is well posted in Levy county politics and other matters, states that the coming contest for Senator from the Twenty-First district is going to be a good-natured, but a close and exciting one. It becomes necessary to elect a State Senator to fill the term of Senator Blitch, deceased.

T. J. McEvoy, the plumber, has just completed at "The Pines," Col. I. E. Webster's elegant home, a Keewannee water system, electrically driven compressed air, which is the latest and most improved method, requiring no tower or tank. Mr. McEvoy is evidently a man of advanced ideas, and his services are being sought by every owner of houses of modern ideas.

A. H. Emerson of Kirkwood, one of the leading orange growers and truckers of that section, was in the city yesterday. Mr. Emerson, who will have more than five hundred boxes of oranges this season, was here for the purpose of placing his fruit in the market, and managed to dispose of a quantity at fair prices. He states that rain is badly needed in his section.

J. N. Marsh of this city, who a year ago accepted the salesmanship of the Pittsburg Safe Company, has made such a glorious success at his position that he has been appointed the general sales agent for Florida, and assumed his duties on the 1st inst. Mr. Marsh is a hustler, which has been demonstrated by his promotion. He will now have several men under his supervision, and proposes to show his employers that there is yet "something doing" in the safe line in Florida.

L. E. Spencer, the newly appointed superintendent of the Gainesville district, Atlantic Coast Line, arrived in the city Sunday afternoon to assume the management of this district. He was here only a few hours, however, taking the morning train, six hours late, for Jacksonville. It is hoped that Superintendent Spencer can so conduct the affairs of the district that the trains will be somewhere near the schedule—but if the rumor of scarcity of locomotives and coal is true, no man, however efficient, can meet the requirements of the schedules.

From Wednesday's Daily Sun:

W. C. Dampier of Hague was trading in the city yesterday.

R. B. Simmons of Montecoha was trading in the city yesterday.

Rev. Mr. Carpenter of Dutton spent yesterday in this city as a guest of friends.

W. J. Lock and little daughter of Donnie were in the city yesterday and called at The Sun office.

Attorney J. A. Williams of Cedar Key is spending a day or two with his family in North Gainesville.

Monroe Venable, the naval stores operator of Archer, was transacting business in this city Monday.

Clarence Wells of North Gainesville has been quite ill for the past few days, which will be sad information to his friends.

Mrs. William Anderson and children have gone to Bronswick, Ga., where they will be guests of the former's parents for a few days.

N. A. Matthews of Campville, member of the firm of Matthews & Co., lumber manufacturers, was transacting business in this city Monday.

Mrs. Chas. A. Dobbins and little daughter left yesterday for Eustis to spend Christmas with the former's parents, Mr. and Mrs. Henry Harris.

I have some very fine Rhode Island Red Cockerels for sale; good strain, large, vigorous stock. Price from $1 to $2. W. A. Jones, Micanopy, Fla. Box 59.

Friends of Mrs. J. A. Goodwin, who has been quite ill for the past few days, will be pleased at the information that her condition is very much improved.

Mr. Krause, an expert stenographer and typewriter of Chicago, has arrived in the city, and has accepted a position in the general offices of the Dutton Phosphate Company.

LABOR Contracts, just the thing for farmers and turpentine men, 50c per dozen, $2 for 50, or $3 per 100. Cash in hand with order. Address, THE SUN, Gainesville, Fla.

J. H. Dye of Micanopy, traveling representative of the Chicago Portrait Company, was in the city Monday. Mr. Dye was en route to Cedar Key, where he is called regularly once a month on business.

Dosha Burnett of Hague, one of the efficient messengers in the employ of the Southern Express Company, is off on a few days' vacation, spending his time with his relatives at Hague. Mr. Burnett has been for some time on the High Springs-Citra run.

T. J. Prevatt, formerly a citizen of Levy county but now of Largo, Hillsboro county, where he is engaged in oranges successfully, was among the visitors to this city yesterday. He met many of his old friends, all of whom were glad to see him, and gladder to know that he is prospering in his new home.

Harry Cannon, who has been for so many weeks quite ill at the home of his parents, Mr. and Mrs. O. P. Cannon, Rocky Point, has been removed to the Sanitarium in this city, where he could have better attention. Friends of the young man will be gratified to learn that his condition is very much improved.

Joe Manasse, the clothier and ladies' furnisher, is overstocked with fine winter goods, and on account of the mild winter is offering his entire line of clothing, ladies' skirts, etc., at greatly reduced rates. It will pay those needing goods in this line to call and inspect the stock, and take advantage of the extra values.

Joe Manasse is revelling in the delights of a handsome horse and rubber-tired buggy, which he has just purchased from Crawford & Davis. This is one of the handsomest single turnouts in the city, and Mr. and Mrs. Manasse have a right to feel proud. The rig has attracted considerable attention on the streets.

Among the visitors to this city yesterday was D. M. Butler of Tioga, who is connected with the naval stores department of the Cummer Lumber Company. Mr. Butler, who is thoroughly posted in the naval stores line, is originally from Hamilton county. He is a clever young fellow, very entertaining, and is making a good man for the Cummers in the position he is now holding, by reason of the fact that he has a "knack" of making friends and holding labor. Before leaving Mr. Butler had his name enrolled on the ever-increasing subscription list of The Sun.

Does What Other Stoves Fail to Do

In almost every house there is a room that the heat from the other stoves or furnace fails to reach. It may be a room on the "weather" side, or one having no flue connection. It may be a cold hallway. No matter in what part of the house—whether room or hallway—it can soon be made snug and cozy with

PERFECTION Oil Heater

(Equipped with Smokeless Device)

Unlike ordinary oil heaters the **Perfection** gives no odor always. First and foremost it is absolutely safe—cannot turn the wick too high or too low. Gives intense heat without smoke or smell because equipped with smokeless device. Can be easily carried from room to room. As easy to operate as a lamp. Ornamental as well as useful. Made in two finishes—nickel and japan. Brass oil font handsomely embossed. Holds 4 quarts of oil and burns nine hours. There's real satisfaction in a Perfection Oil Heater. Every heater warranted. If not at your dealer's write our nearest agency for descriptive circular.

The **Rayo Lamp** makes the home bright. Is the safest and best lamp for all-round household use. Gives a clear, steady light. Fitted with latest improved burner. Made of brass throughout and nickel plated. Every lamp warranted. Suitable for library, dining room, parlor or bedroom. If not at your dealer's write to nearest agency.

STANDARD OIL COMPANY, Incorporated.

John Pilkington, Jr., of Pittsburg, representing the commission house of Crutchfield & Woolfork, has arrived in the city, and will make Gainesville his headquarters during the season. This is his first trip to this section, and he expresses himself as being well pleased with the fine gardens, which is the indication of fertility of soil.

N. W. Littlefield, formerly of the cotton department of Dutton & Co. in this city, but for the past two seasons in the employ of a large firm in Blackshear, Ga., in the capacity of buyer of cotton, was registered at the Brown House yesterday. Mr. Littlefield evidently does not appreciate the idea of paying 31 to 32½ cents for cotton—but he must "shell out" the price if he gets it.

W. D. Bobbitt of Micanopy was in the city on business yesterday. It will be remembered that, on Thanksgiving morning, the fine mill and crate factory of Mr. Bobbitt was destroyed by fire, entailing a serious loss, with no insurance. Work of rebuilding has begun, however, and it is expected that the new plant, which will be modern in every respect, will be in operation by January 15, if the machinery arrives in time. Orders have been placed for the latest machinery, and in all the new mill will be a great improvement over the old one.

From Thursday's Daily Sun:

IS NEW YORK PROGRESSIVE?

There are nearly five million people in the Greater City of New York; less than two million 20 years ago.

Then it took an hour for a street car to go to 59th Street; now 8 minutes through the subway.

Now more painting is done with one gallon of the L. & M. than with two gallons of ordinary mixed paint.

Besides the L. & M. Zinc hardens the L. & M. White Lead and makes the L. & M. Paint wear like iron for 10 to 15 years.

4 gallons L. & M. mixed with 3 gallons Linseed Oil will paint a moderate-sized house.

Actual cost L. & M. about $1.20 per gallon.

L. & M. made for one-third of a century.
